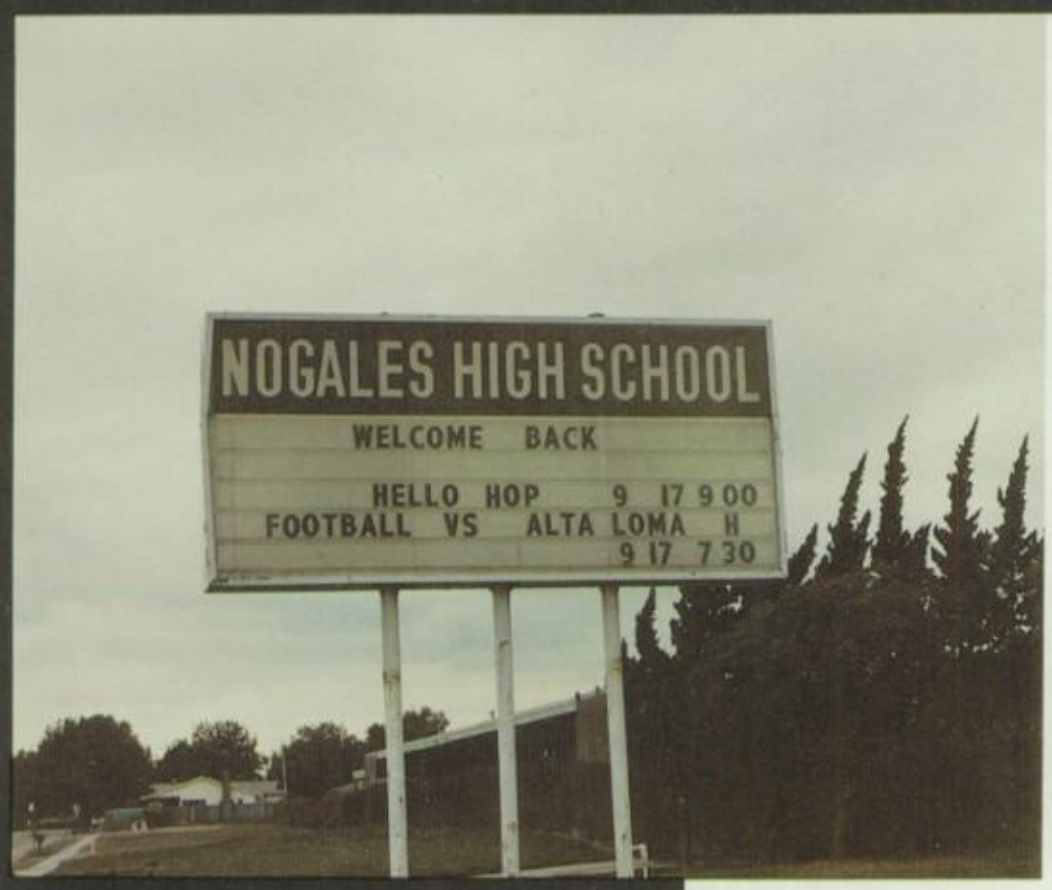
Nogales is bursting

Ken Towner and Norminda Bungalon enjoy each other's company during the lunch break.



The marquee in front of the campus welcomes the student body and informs them of upcoming events.

On the first day of school, the students are lost in a world of confusion and amazement.

at the seams

Nogales High opened its doors in 1962 with 900 students in the ninth and tenth grades, from Los Altos. The faculty consisted of about 30 members, most of whom were fresh out of college. Many of the present buildings had not yet been built; there was no gymnasium, stadium, or pool. There was only one shower and locker room that had to be shared by both boys and girls. Since 1962, Nogales High has grown from a school of 900 to one of more than 2400 students.

20 Years — A Time of

The later expansions of the campus consisted of a new gymnasium, which has now been recently remodeled, one of the largest in the valley; and the Jack Jolley Stadium, named in honor of Nogales' first principal. No longer is the campus bare and brown, now it is alive with green-a Noble color. Nogales is now considered to be one of the best in the areas of athletics and academic achievement. With these accomplishments, we all should be proud to be a part of the Noble Family.

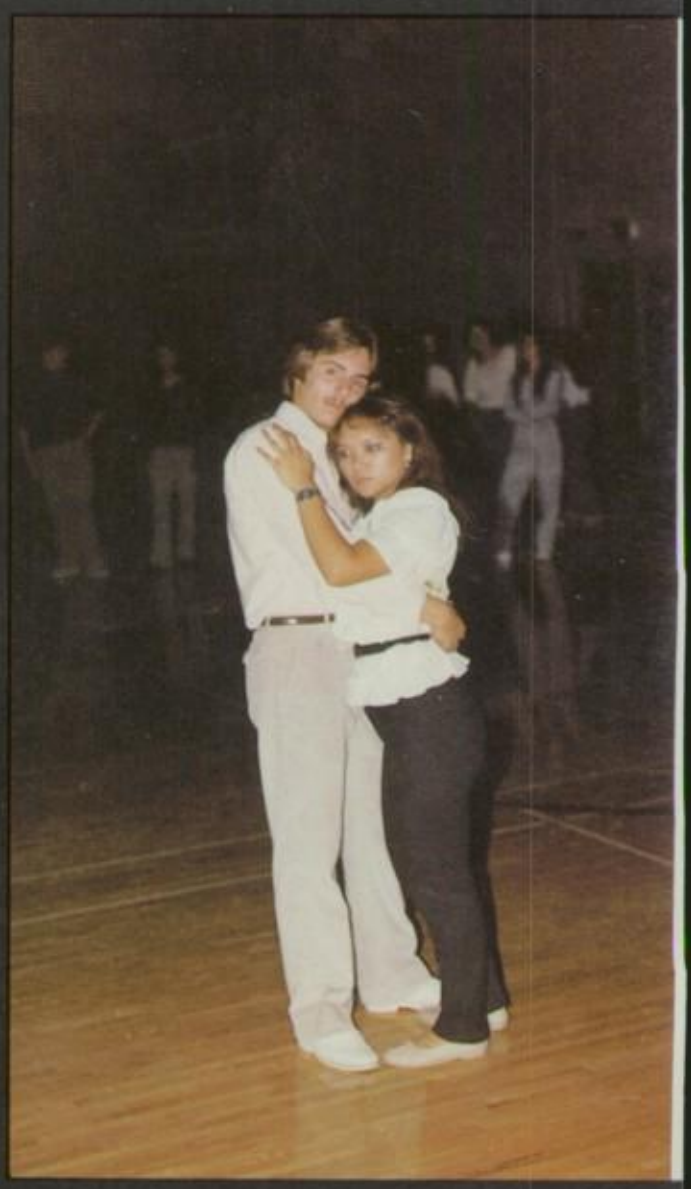
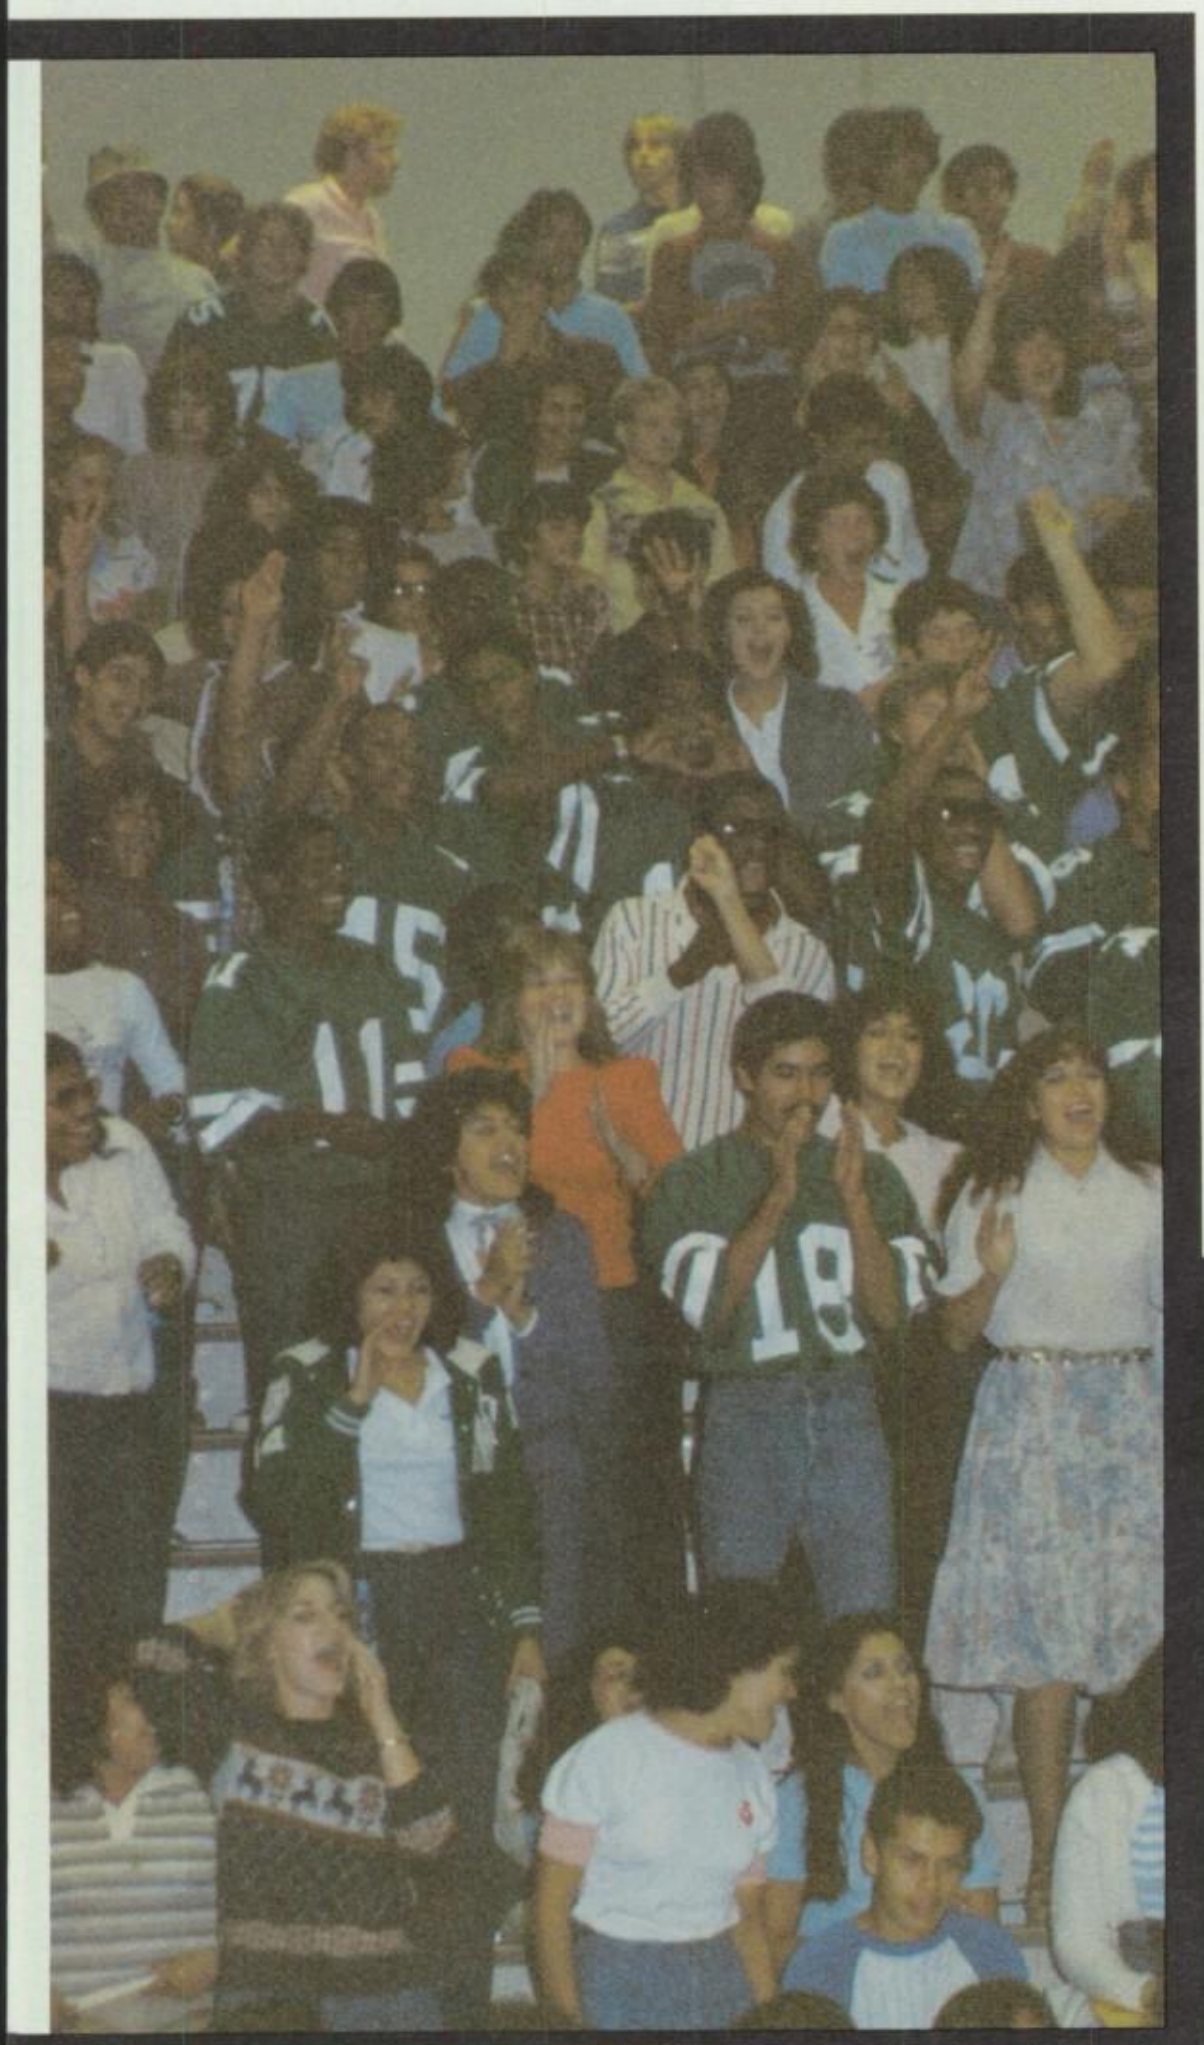
At the Hello Hop, Cecille Baterisna and Rick Menard dance to the sounds of Time Warp.



As the day comes to an end, the buses depart to transport students home.

Freshman Orientation activities included club speakers such as Pam Salsman, representing the Yearbook Staff.

Fear and Anxiety



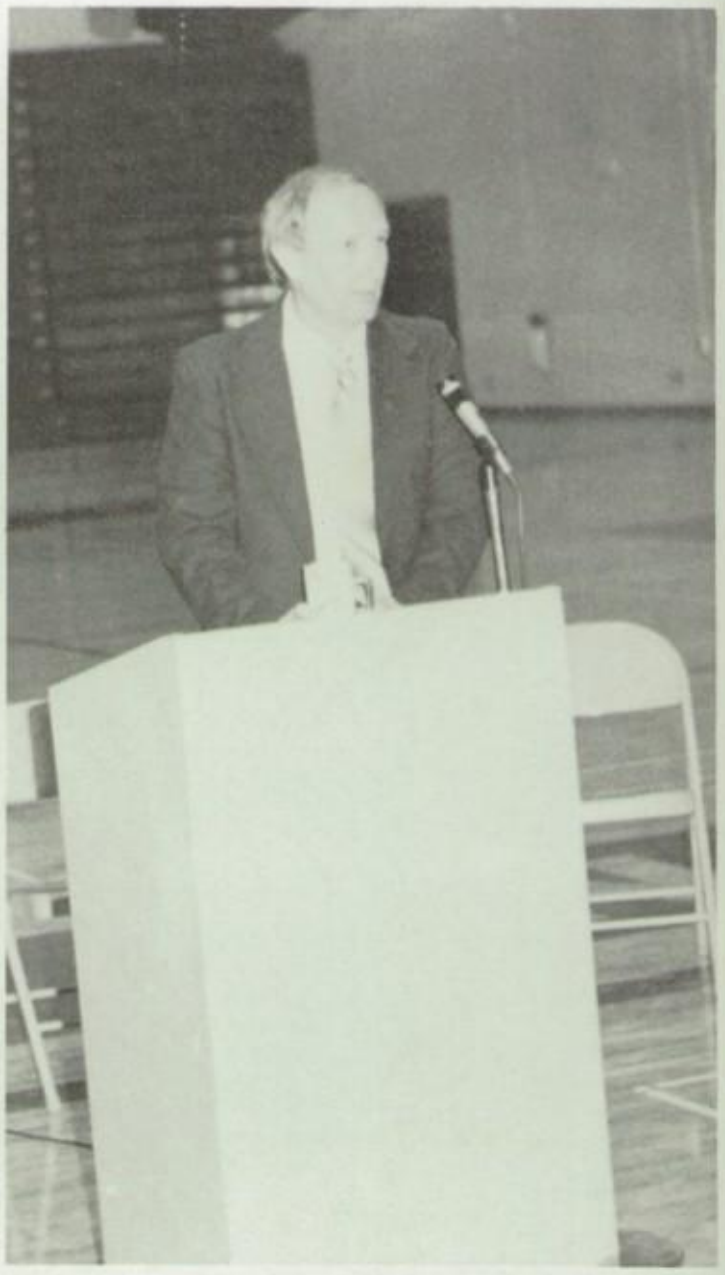
Where is the gym? Where is A-9? Who is Benekos? Where is the football game? These were some questions that everyone heard the first week of school — yet we all survived.

Dressed in new clothes and going to new classes, the 1982-83 student body started a year that held many memories helping to create our "Windows of Time".

The class of '83 ignited school spirit during the first pep rally.

A.S.B. Director Karen Tilson welcomed all new and returning students for the new year.

Study, Study,



At freshmen Orientation Mr. Jackson welcomes the class of 1986.

The Nobles scramble for the recovery of a fumble.

At the Hello Hop the students enjoy the music of our first dance.

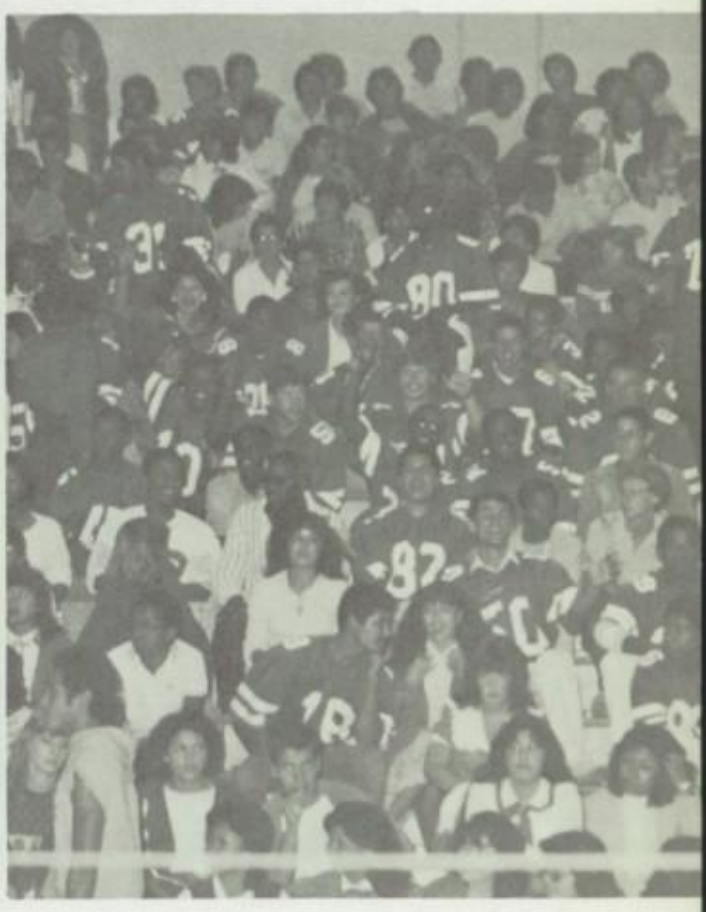
Study!!!

With the lazy days of summer coming to an end, the Nogales student body headed for the green and white halls of Nogales. For students, trying to forget the great days of the beach (tans, french cut bathing suits, and summer romances) a committment must be given to accomplish those needed 50 credits to change class status or graduate.

Academic and sports achievements were two of the great accomplishments that the 1982-83 school year had brought to Nogales. Peering through the "Window of Time" all can be seen and remembered.

While the beat of Time Warp goes on, Socorro Arguelles dances the night away.

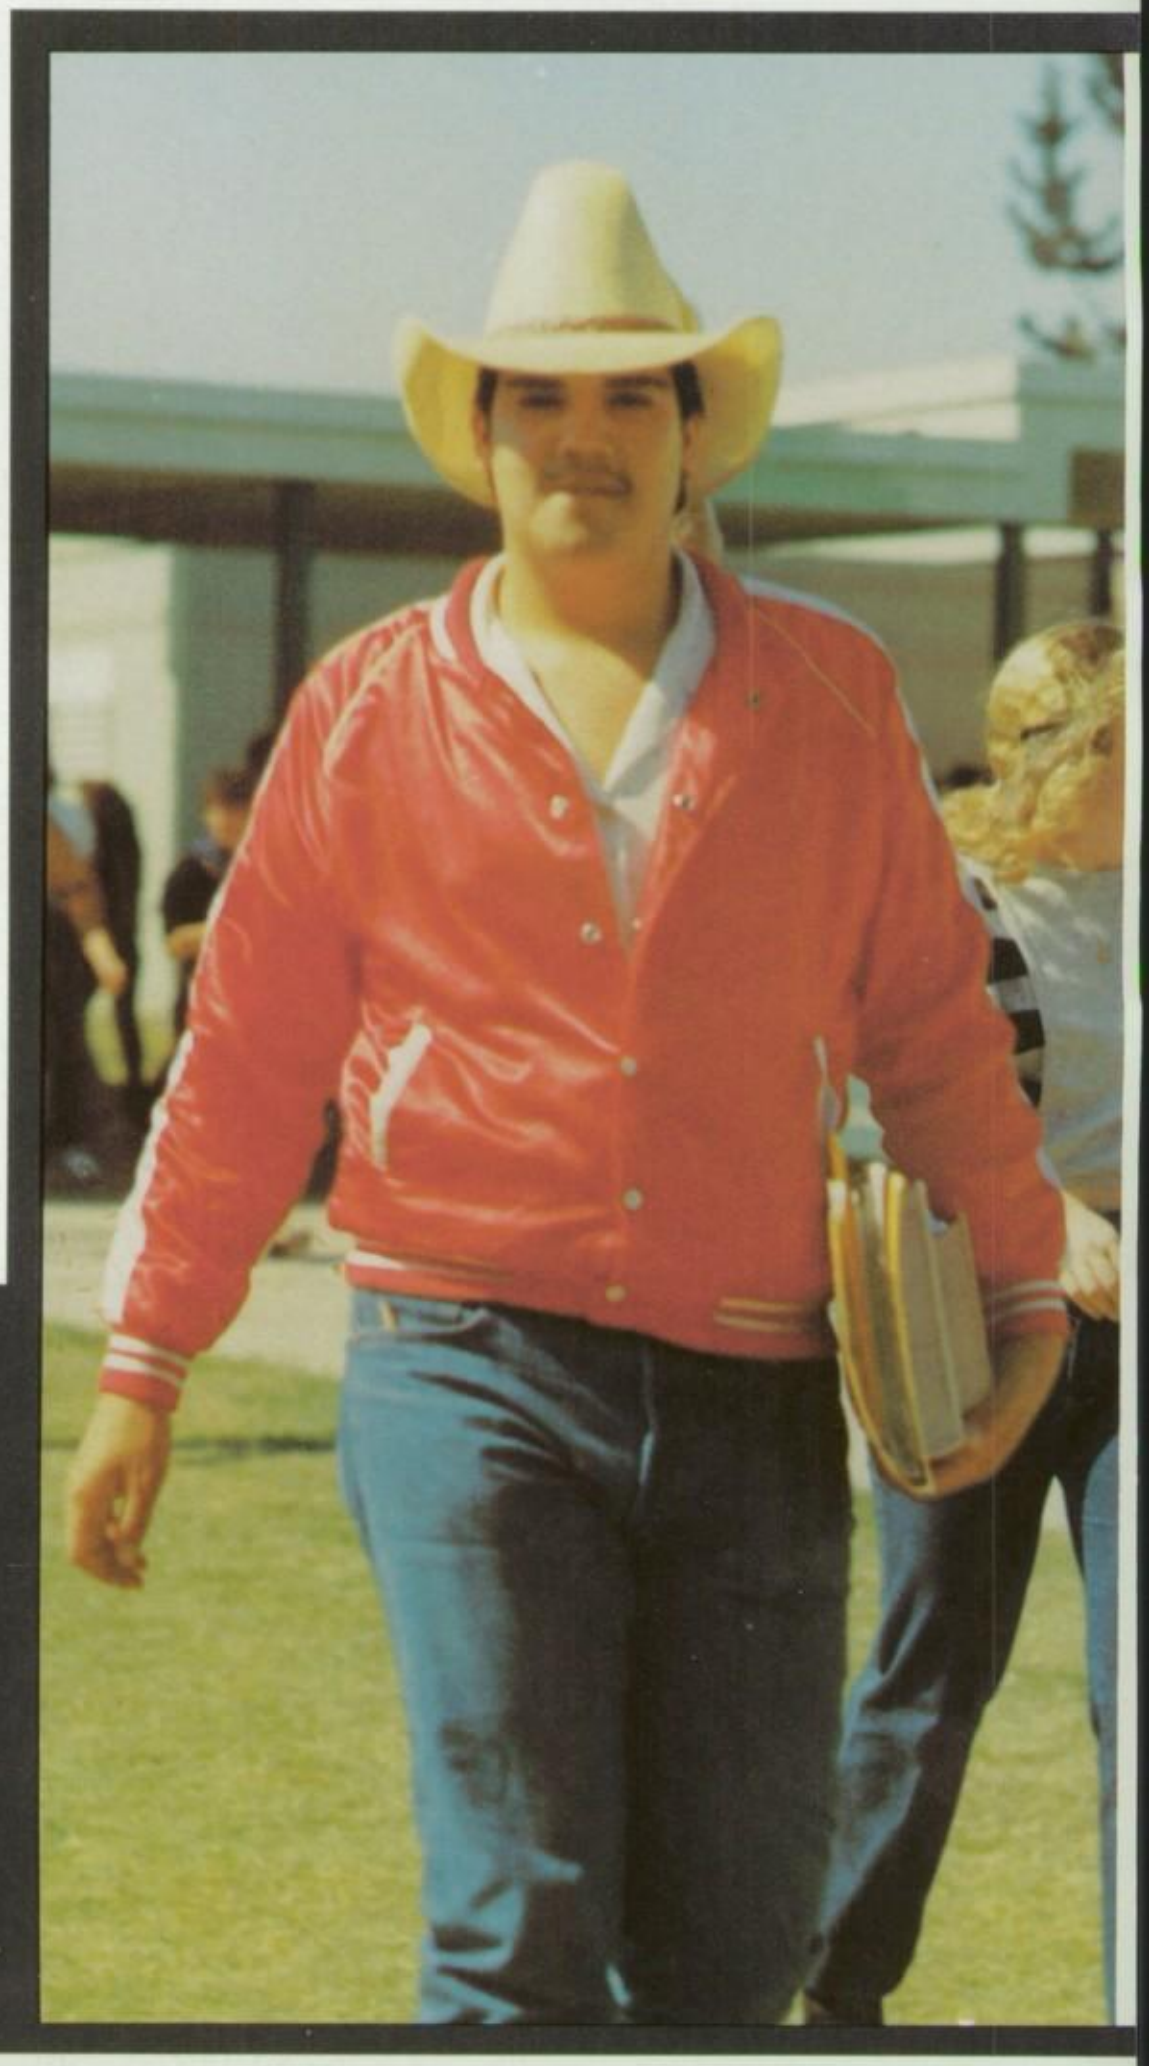
Football players get alittle r-ow-die, during the first pep rally of the year.



Underclassmen: The New

"The beginning of your high school years is always hard" is the answer you will get from the Sophomores and Freshmen on campus. As Sophomores, they are no longer the new kids on the block. They begin to have more privileges and responsibilities putt upon them. They are also aware of the surroundings and traditions on campus as they move forward towards upperclassmanship.

The transition from junior high to high school is a surprising one to the Freshmen. As the first day of school approaches, they begin to feel scared and unsure of themselves, but by the end of the week, after being picked on by the upperclass they seem to have coped with these problems. So watch out upperclassmen, here come the new generations!

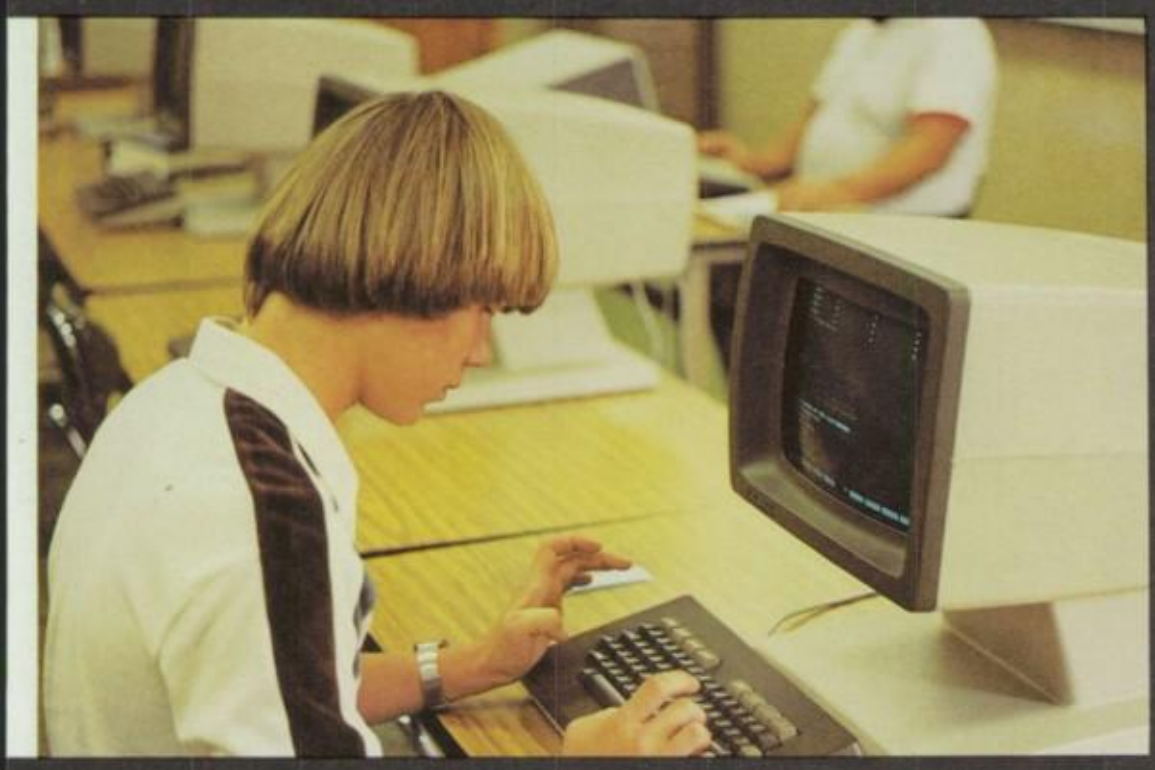


The lunch bell has rung and Alex Gonzalez heads for the lunch lines.

Freshman Marlene Lucero, just out of her last period of the day, watches the Drill Team practice.

Generations on Campus

Junior Phyllis Gallego heads to the girl's P.E. locker room for her next class.



Spirited classes await class competition during the first pep rally in the gym.

Working in the computer lab on campus, Klaus Schreyack keys his data into memory.

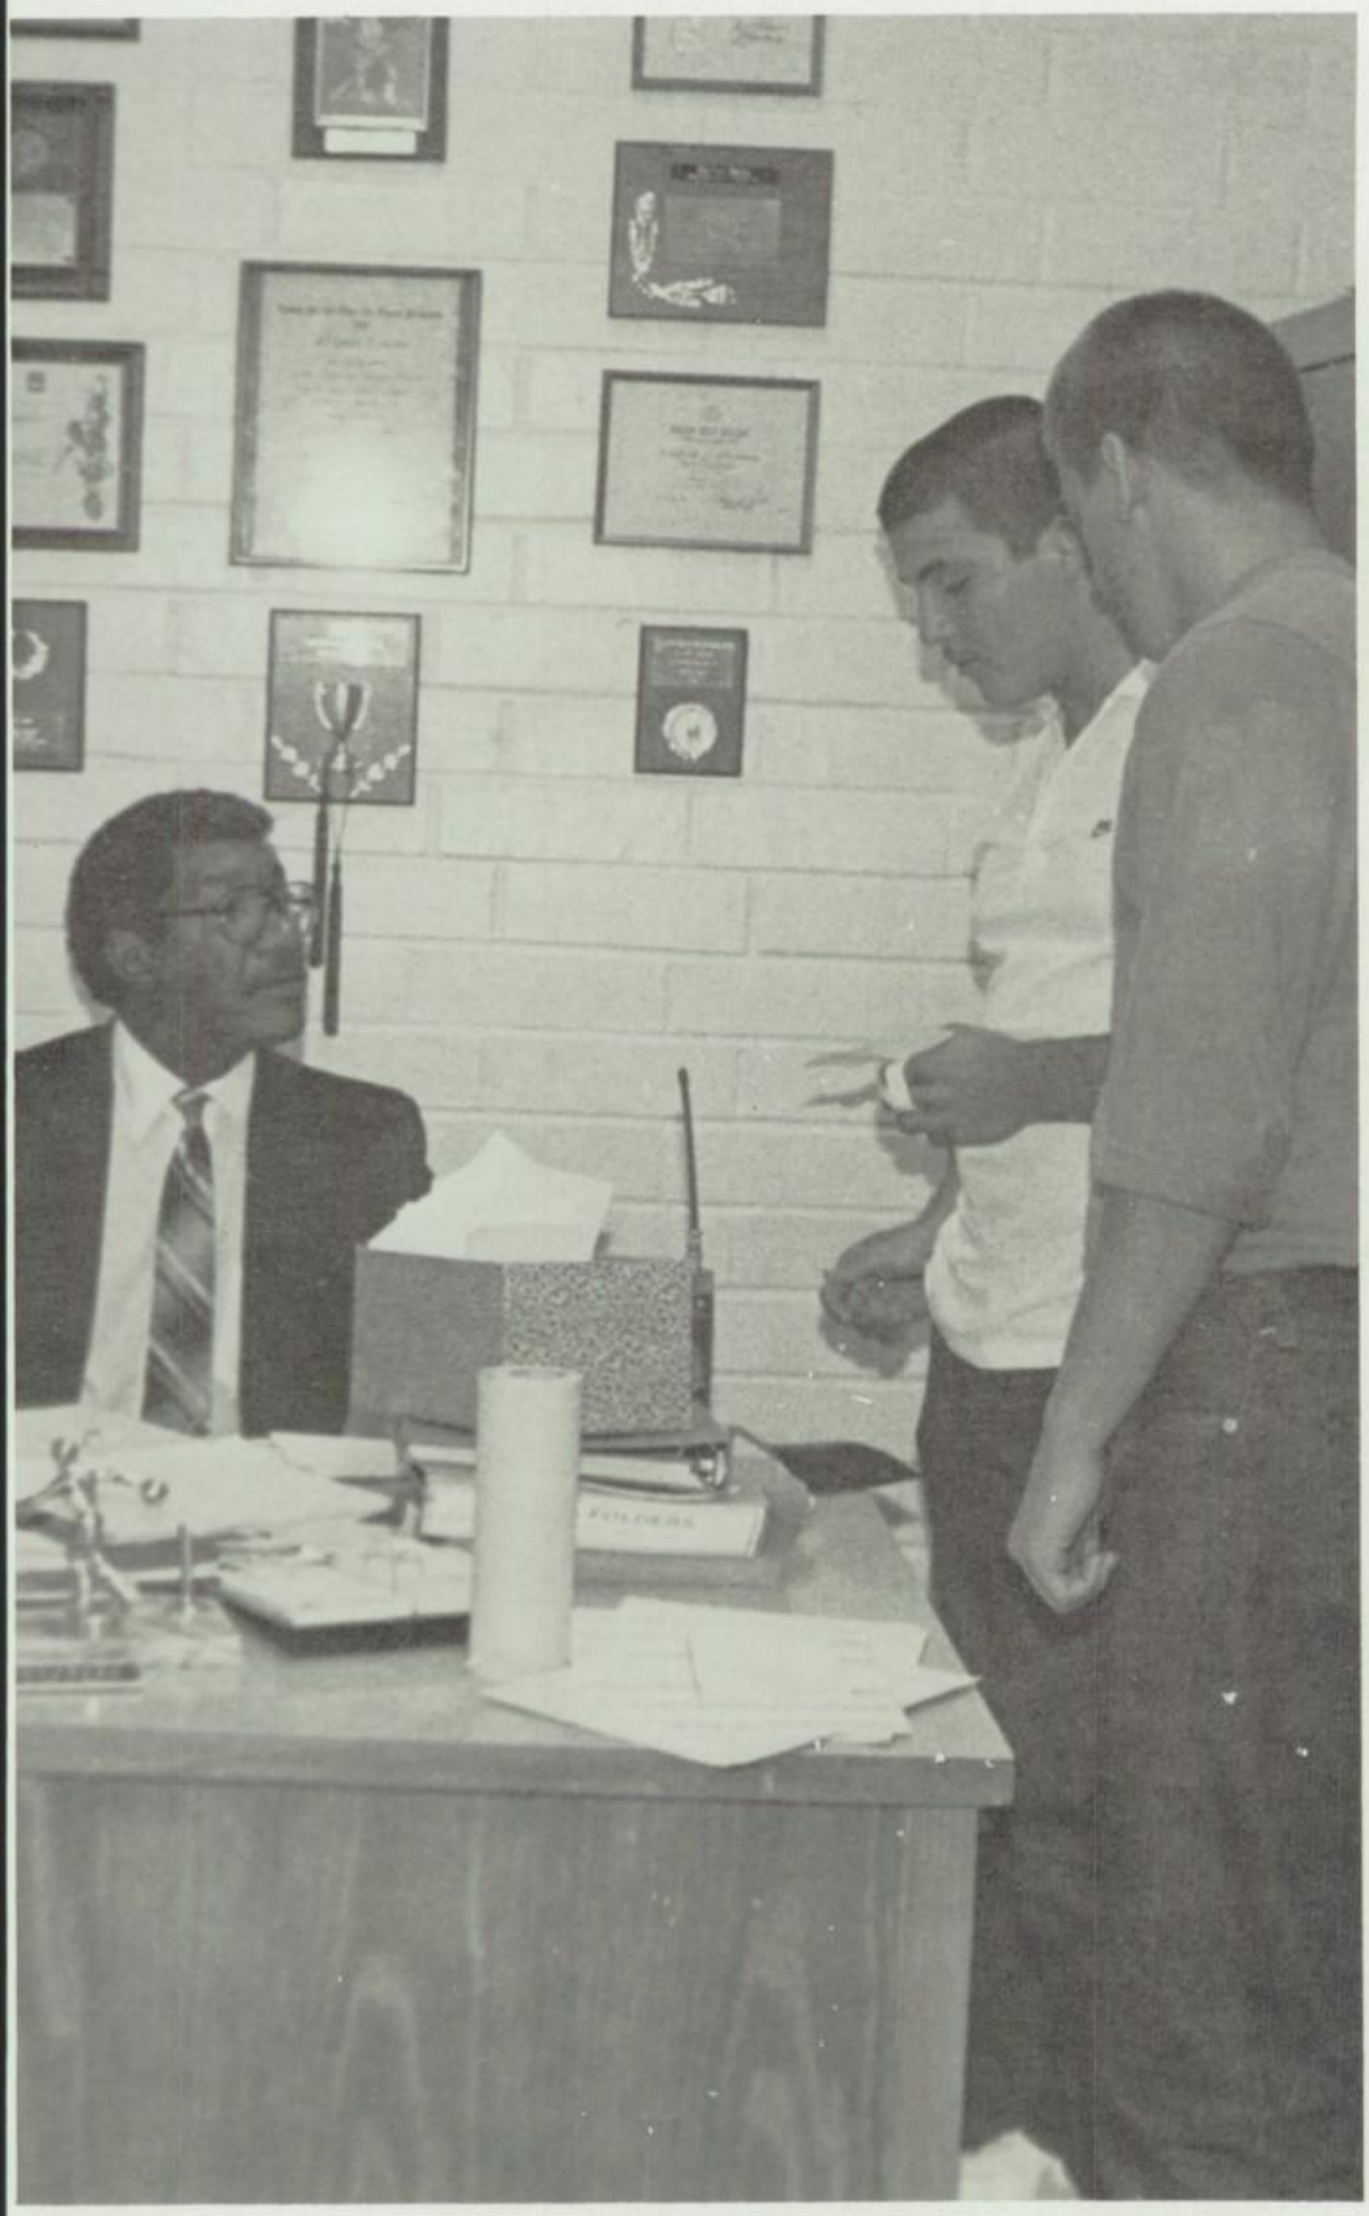
Our Noble Family

Virginia Flores, and Chris Alejo try to get Mark Flores to clown around with the photographer.

Tina Hardwick, Danny Garcia, Julie Reyes and Cindi Hatch don't appreciate the photographer while they are eating their lunch.

A typical day on the gym steps at lunch time.

Together Again



As Juniors, students begin to feel the responsibility of growing up. The preperation for college begins, completion of the required courses, and taking the PSAT. Jobs being sought and cars being bought are the most important things on Juniors' minds. Although fun and games appeal to juniors they understand that this is the year for them to get their act together and get ready to move on to their senior year.

Speaking of football, Santos Sanchez and Randy Folden talk to George Kunn about Friday night's game.

The big year! Senioritis sets in! Baccalaureate nears, Senior luncheon subsides, Graduation approaches and Grad Nite completes it! These are events a senior must take part in to reach his final destination- a DIPLOMA!

Hard work and responsibility are major aspects a senior must put forth. Being here for four years, a senior takes pride in Nogales and is very respectful.

A friend is always fun to have around, just ask Vera Sanchez and Martha Romero.

Work, work, work . . . Mr. Farnsworth- give the poor kids a break!

WINDOWS OF ACADEMICS

As we look back on our high school years we remember that most of our time was spent in the classroom. It was here we met faculty members, some of whom have become our friends: people you could really confide in.

For the past 20 years, 11 faculty members have faithfully remained on our campus: Mrs. Barbara Affolter, Mr. Andy Carroll, Mr. Hugo Celaya, Mr. Donald Ferguson, Miss Rosemary Kehl, Mr. Ray Moran, Mr. Les Nielsen, Miss Nancy Noble, Mr. Gerald O'Connor, Mr. Tomas Romero and Mr. Clifford Wolfe. We should thank them for their dedication to Nogales and to all faculty and staff members for being THE NOBLEST FAMILY OF ALL!

Faculty members who have taught for 20 years on campus are recognized at a special assembly.

Mr. Moran assists Adam Moreno with his Math classwork.

Teacher of the year

Mr. Chapman honored for the second time

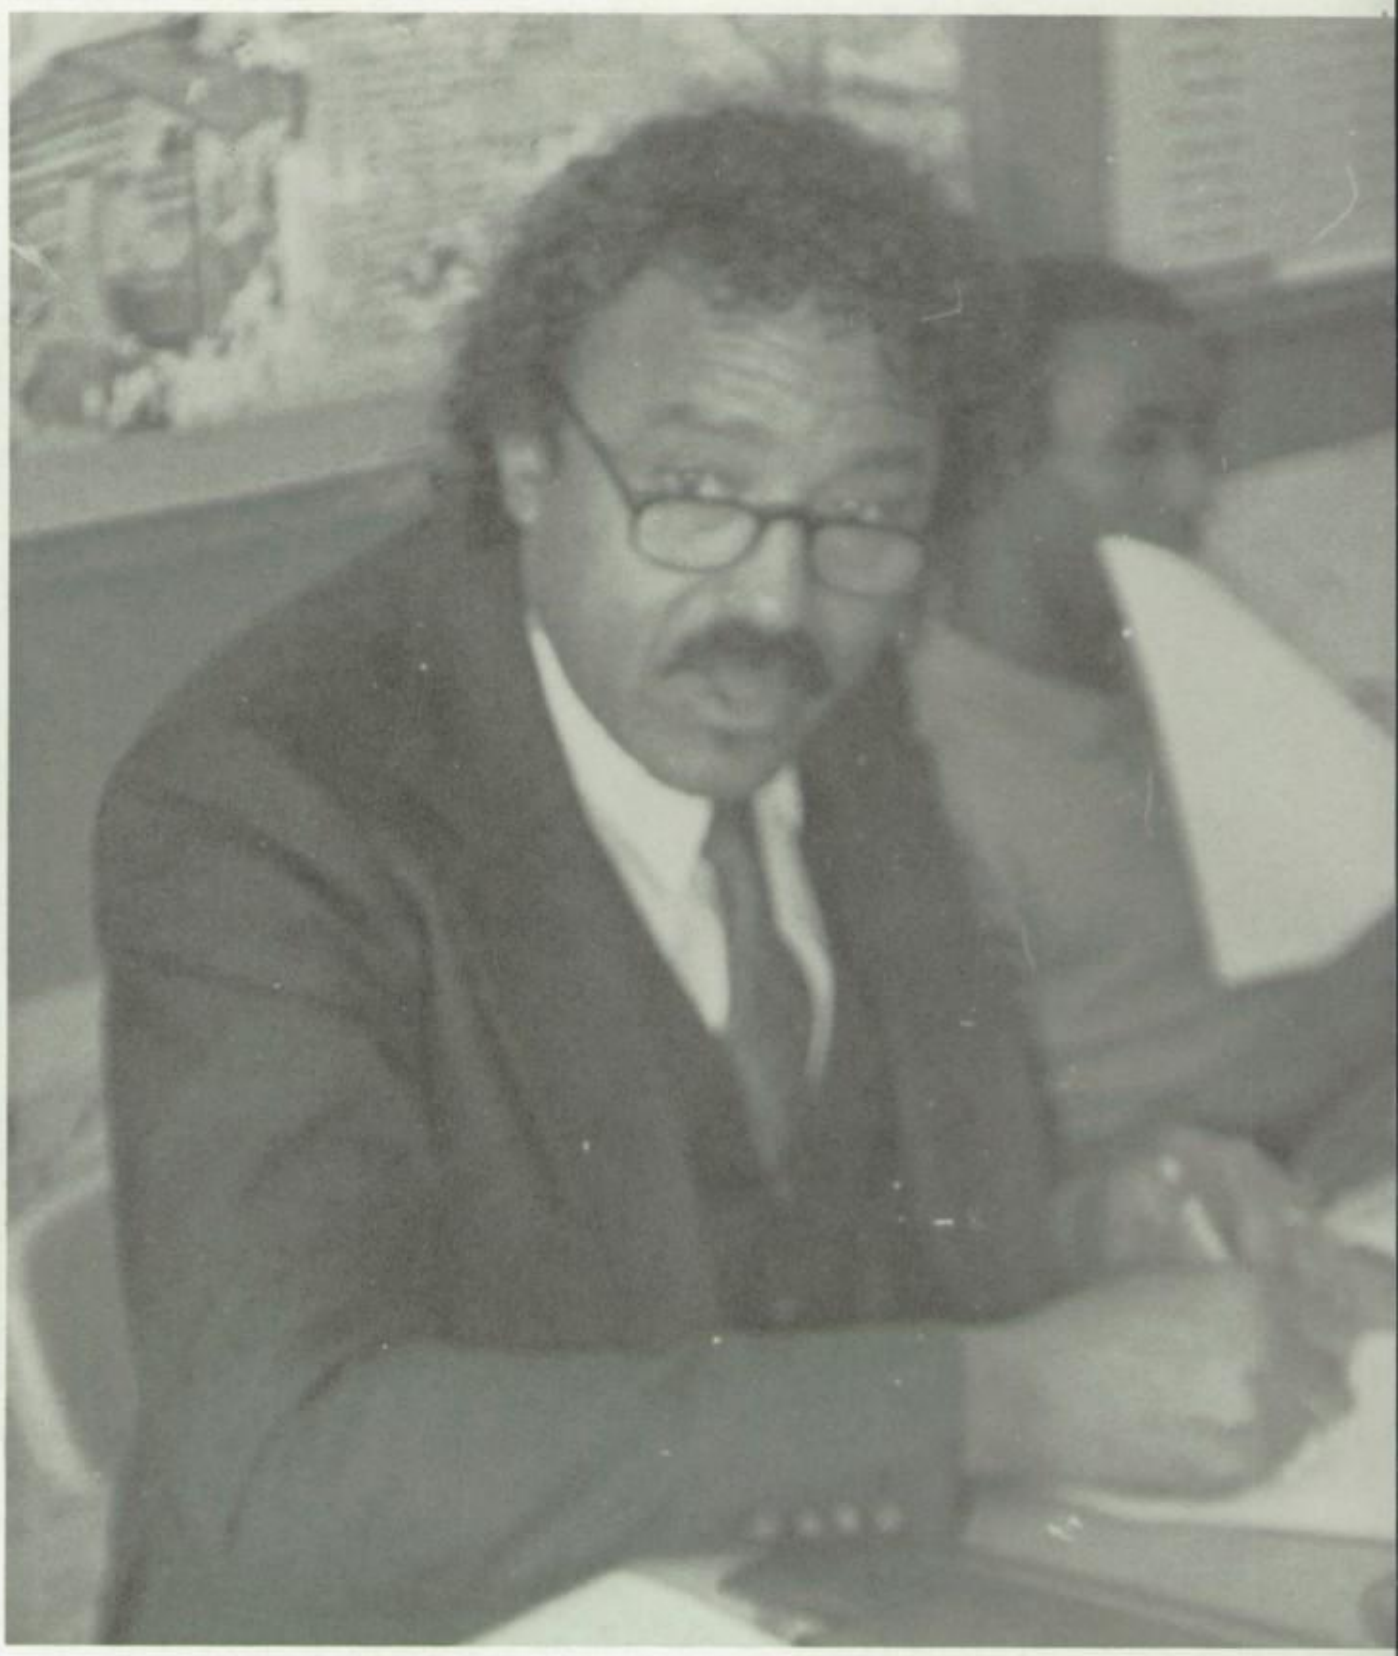
"Flabbergasted!" was how Mr. Chapman expressed himself when asked how he felt about being nominated for Teacher of the Year for the second time.

Mr. Chapman is a 19-year-veteran teacher at Nogales, a mainstay of the Social Studies Department. Receiving much inspiration from his mother, our teacher of the year has come a long way from his childhood days when he walked 14 miles to school. To reach his goal, that of becoming an inspirational teacher, he encourages his students to set high standards, because he knows what it is like to be at "the bottom of the barrel".

He considers himself the "Dad" at Nogales, announcing it isn't as much an honor as it is a privilege. He gives his time freely because he believes he is here to serve students and he makes himself available for them.

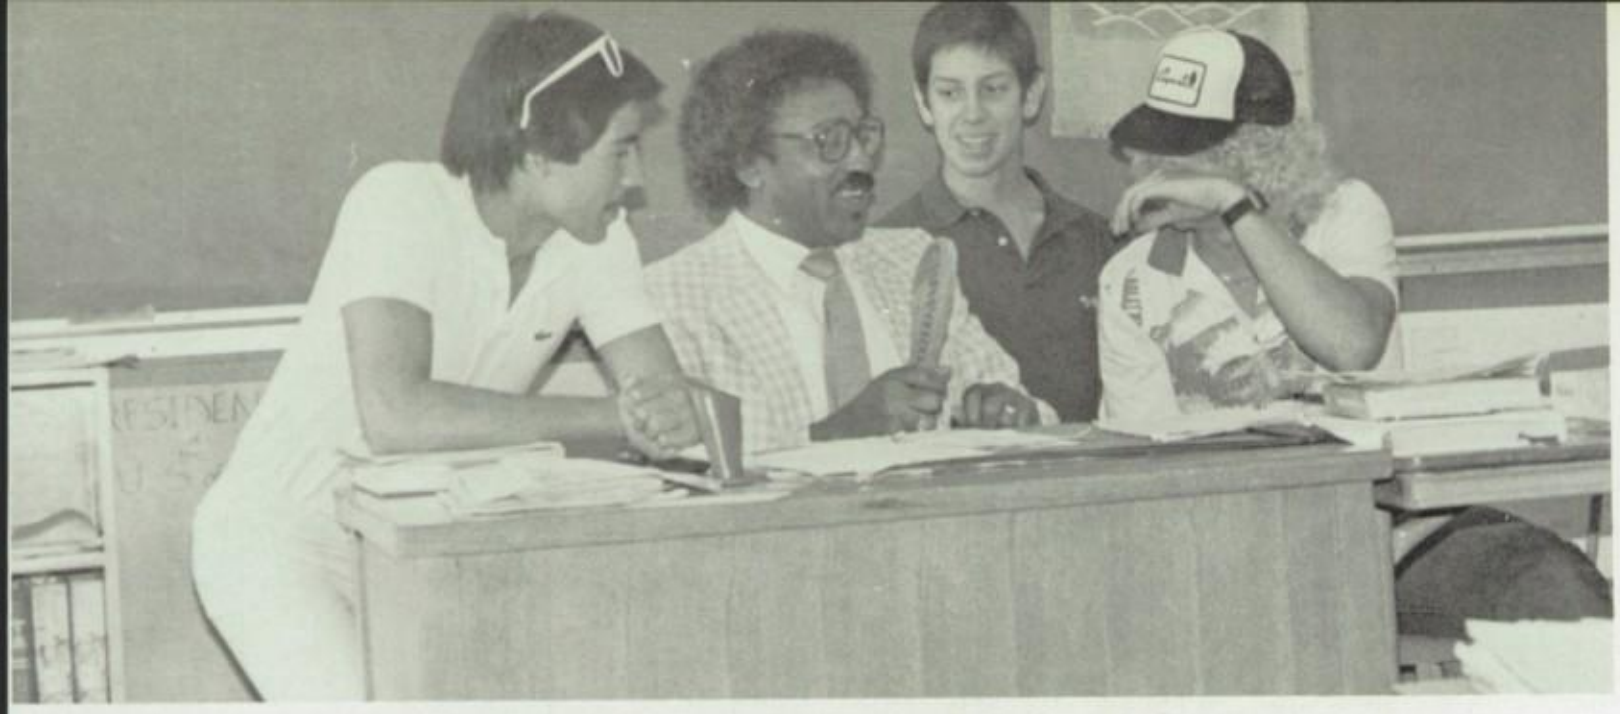
He has two philosophies to being a good teacher, one is when a student is successful the teacher is also successful. The other is: you get out of life what you put into it.

Teacher of the Year was the result of the hard work and dedication Mr. Chapman has put forth in his years teaching. He is a very admired and respected teacher and we are lucky to have him here at Nogales.

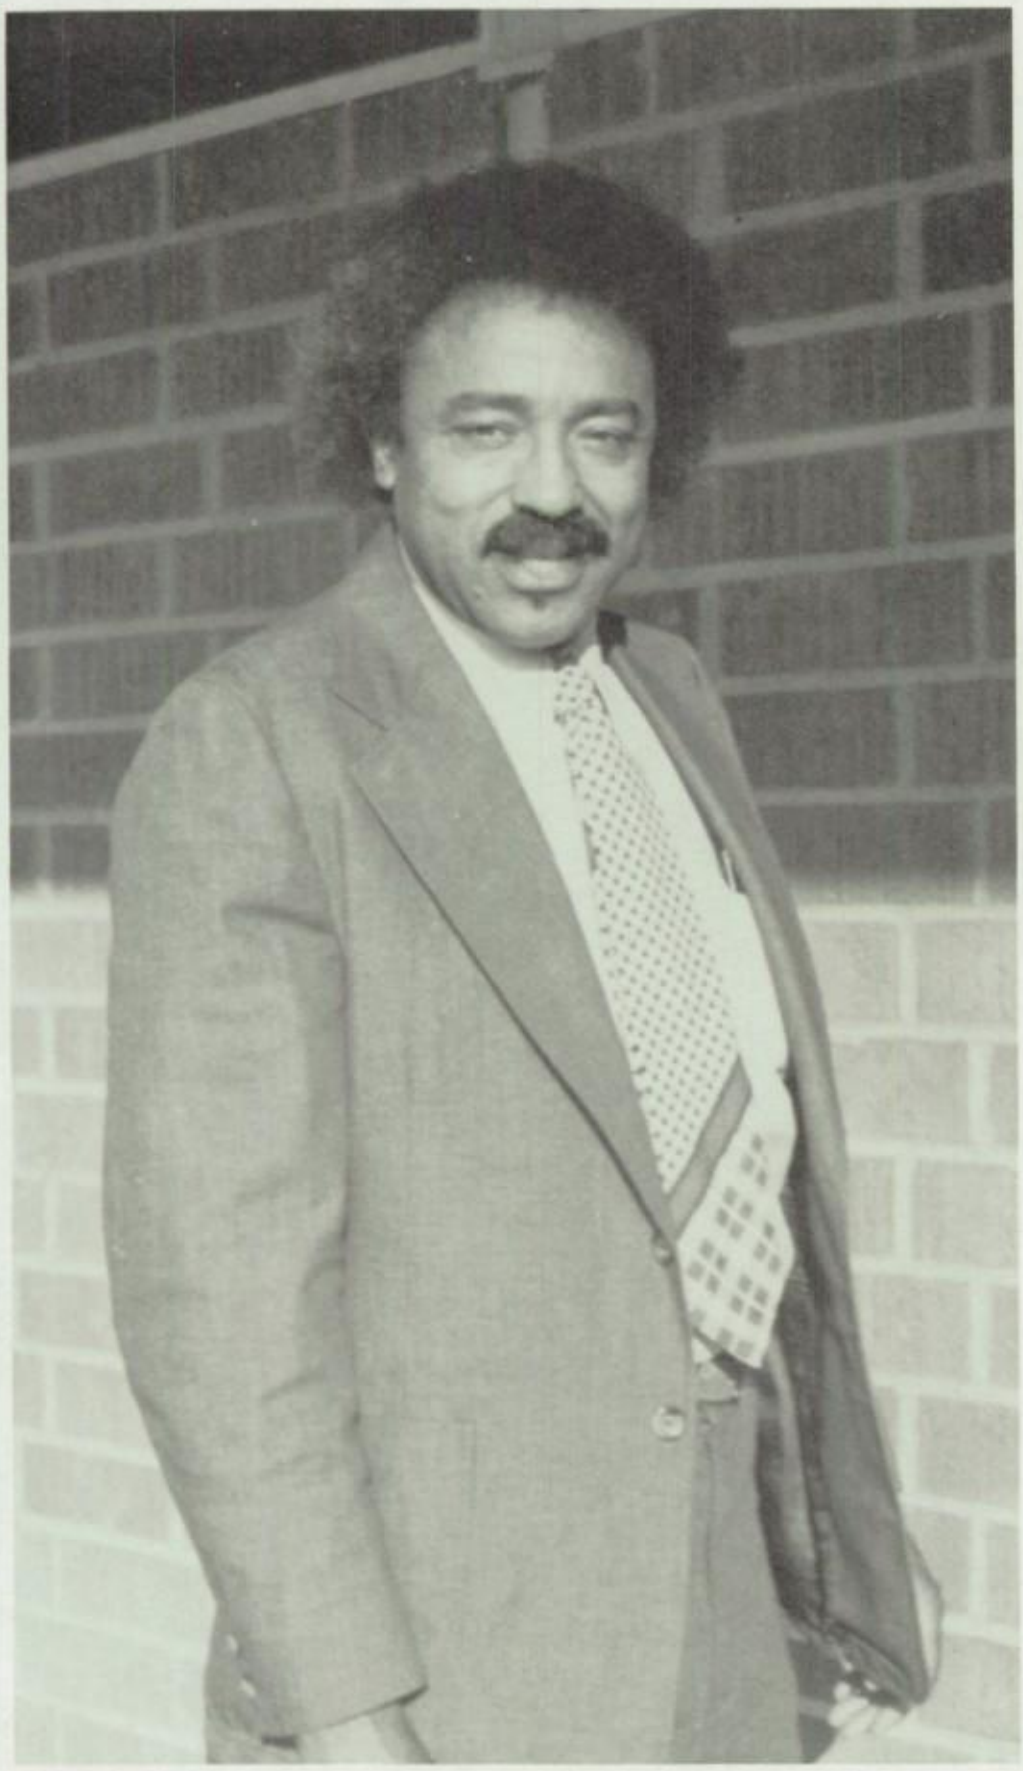


"A teacher is what the students make him".

Working together as teacher and student aide Mr. Chapman and Brian Garcia grade papers.



"Thank you, it's the youth that keeps me alive!"



Voted "Teacher of the Year", Mr. Chapman flashes a smile.

Always willing to help, Mr. Chapman, assists his student in his homework.

"Reason and judgement are the qualities of a leader."

-Tacitus

Principal's Message

To the Class of 1983, upon their successful completion of four years at Nogales High School, my heartiest congratulations. May your future years be filled with success. Each of you, I know, has earned some place in the memories of the Noble Family. Thank you for your contributions to Nogales High School.

With the closing of another school year, it is appropriate to reflect upon individual accomplishments in academics, athletics, and activities. At the same time, I urge everyone to look forward to the challenges which remain. Regardless of what the future may hold, never forget the years which you have enjoyed at Nogales High School. The accomplishments and achievements which you have attained are a part of the pride of being a member of the Noble Family.

A special thanks to the staff, students and faculty members who have worked so diligently during this past year to make the many programs which are a part of daily school life, work so well. To the Yearbook Staff, congratulations for a job well done. To all of you, my best wishes for a well-deserved summer vacation.

Gerald Davis

Our administrators have spent many years helping students at Nogales as well as at other schools. The four administrators currently serving are: Gerald Davis, former teacher, Dean of Student Activities, Vice- Principal, and now holding the position of Assistant Principal. James Householder taught Special Education and was also a Work Experience Co-ordinator. At the present time, he is Vice-Principal: in charge of A.S.B., Sports Programs, and Discipline. Sharon Paul, our newest addition to the Administrative Staff, is presently holding the position of Vice-Principal. She is responsible for areas of attendance and discipline. Barbara Affolter is one of the original teachers that has been dedicated to assisting students here for years. Instructing pupils in Home Economics, she has advanced into counseling and guidance supervision.

All enjoy working with Nogales students in helping to improve programs and activities at N.H.S. They help to create a safe and opportune environment within the school. Their number one goal is to provide students an opportunity to grow academically as well as socially. Together they provide all students opportunities to learn today so that they may earn tomorrow.

Dr. Rick Hyman

Guidance work is centered in the major areas of academic planning, career planning, and personal counseling.

Although the entire staff of a high school is involved in certain aspects of guidance, the counseling staff is responsible for the major portion of guidance and counseling activities.

Our current counseling staff includes: Les Nielsen, Freshmen and Careers; Dr. Rick Hyman, Sophomores and Personal Guidance; Tomas Romero, Juniors and the College-Bound; Roberta Simpson, Seniors and Graduation; and Susan Tinkley, Attendance.

Always a helping hand

In addition to the administration and faculty, many staff members were active in providing many special services to meet the needs of our students. Career questions were answered and guidance provided by Work Experience. Budgets and classified staff fell under the jurisdiction of Special Projects. Educational alternatives were offered by such programs as Independent Home Study, English as a Second Language, Behavior Intervention Center, and the Program for Alternative Learning (PAL). Extracurricular activities, affecting everyone on campus, was the responsibility of the Director of Student Activities (ASB). Guidance technicians provided much-needed support to our counselling department. Needless to say, the services rendered by these many individuals were greatly appreciated by the Noble Family!

Reading

Students who read below the 8th grade level or who have not passed the District's minimum competency test in reading are enrolled in the Reading Clinic (RAC), the Reading Improvement Program (RIP), or the Bilingual Reading Improvement Program (Bilingual RIP). All 9th grade reading students are scheduled into the Reading Clinic, whereas 10th, 11th, and 12th grade reading students take either regular RIP or Bilingual RIP.

All students in reading classes are diagnostically tested in order to determined the areas of reading in need of remediation. Lessons are planned which address these needs and students work on assignments individually or in small groups. In the Clinic, a very low student/teacher ration is maintained by employing several instructional aides who work directly with students assisting them with their assignments. In RIP classes, students work in small and large groups with one instructional aide and the teacher.

New this year is a reading class for college-bound students called College Prep. Reading and Study Skills. This course offers students the opportunity to learn higher level reading-thinking skills. Students are taught formal deductive and inductive logic, propaganda techniques, effective listening strategies, reading comprehension skills, and vocabulary.

Business

The Nogales High School Business Education Department offers a wide variety of business classes for those students who are either vocationally orientated or in a college preporatory program. A student may begin their program in a beginning typing class and advance to such classes as accounting, shorthand, office management, or business honors. It is the goal of the Business Education Department to teach individual skills that will enable each Nogales student to prepare for college or to obtain a marketable skill in the business world.

English

In a recent survey about the educational needs of our students, community members, student representatives, teachers, and administrators were in agreement: Proficiency in the use of the English Language is a top priority. Nogales students are required to earn four years of English credit before graduating; their teachers are keenly aware of the importance of the subject they teach.

Proficiency in the basic skills required in composition, oral language, language structure, and literary comprehension is necessary to success in our society. Also important, however, is applying these skills to communicate accurately, analyzing to draw logical conclusions, evaluating to make good decisions, and creating to improve the quality of life. English teachers want their students to develop skills in all these areas of learning.

Thus, at Nogales, the English Department holds forth the expectation that every student can fulfill his highest potential, knowing that each has a unique contribution to share with his fellow man. To this end, not only do teachers present lessons specified in the curriculum, but each teacher has his own expertise to bring to the classroom; he uses it in the hope that students will develop innate talents and learn essential skills to enrich their lives.

Agriculture

The Agriculture department has three classes offered to the students on campus. One is horticulture and this is designed to familiarize the students with plant science, plant growth needs, and plant nutrition. Another class offered is animal science, which studies horse husbandry, sheep, and swine, and the different ways of feeding livestock. The last class offered at Nogales is landscaping. This deals with working in the classroom and the laboratory, beautifing the campus, planning and doing landscape work.

Industrial Arts

On campus we have some of the best Industrial Arts classes in the valley. These classes are: Automotive which covers the subjects of car maintenance, tune ups. egine rebuilding and autobody repair. Drafting helps you learn how to draw machine parts and plans for buildings. Electricity students learn to do basic electrical wiring and the advanced electricity classes do television and audio repair. Graphic Arts helps students to do printing by silkscreening, the letter press, and photo-offset methods. The various photography classes learn to develop and print black and white and color photographs. And in woodshop and metalshop students learn to use various machines and different types of woods and metals.

Library

This is a goal of the Nogales High School Library Media Center. This means that the library strives to provide books and other materials which students need, as well as an attractive, inviting room in which to use these materials. The library is more than just books or a room, however, the library is also people. The library staff provides two services: One, they want each student to know services of the library resources, and, two they want to provide the extra help and support which students might need.

Physical Education

This year's Physical Education Department reflects the curriculum set up by course revision. Besides offering semester courses in dance, tennis, badmiton, bowling, body conditioning, and weight training, we also offer a core program for physical education 9 through 12. Basic skills are stressed in the freshman and sophomore blocs, and more carry-over activities offered at the junior and senior levels. WINDOWS OF SENIORS

A sigh of relief comes from every senior as final exams are being passed. "No more tests, thank God!", are the words being exclaimed by all the seniors. After all exams are taken, each senior starts to reminisce about all the fun things that happened during his years at Nogales. They remember all the happy and crazy times with their friends, their first loves, all the embarrassing moments and disappointments, and especially all the problems they experienced through their teenage years. Most of all, they will never forget their friends. Friends came and went through the years, all of them leaving memories for each of them to hold dearly in his heart. "A friend is someone who hears not merely the words we speak, but our deeper feelings, for which there are no words." -the words that define what their true friends were really like. They will all go their separate ways to become what they wish, hopefully; they will all be successful at what it is they wish to be.

Thinking of the past years is great, but in the present they are faced with Graduation. Graduation is an important step towards a brighter future, but it is only one of the many stepping stones that leads them to being successful. It is the beginning of a whole new life of responsibility, independence, and hard work. We, as Seniors, can finally say, "We made it!" We can also bid farewell to our Alma Mater.

GRADUATION: One goal accomplished by the Seniors of the Class of 1983!

Happy to be graduating is Connie Hernandez.

Nobleman of DISTINCTION

Nobleman Dwayne Kindred

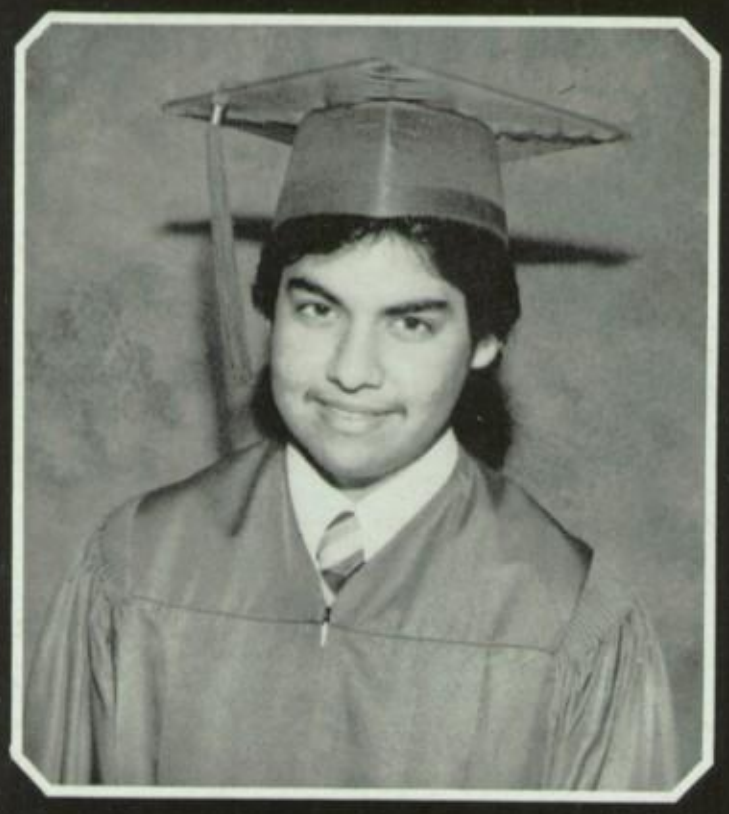
Academically, Dwayne has distinguished himself during his four years at Nogales High School. As an outstanding student, he has been included on the Principal's Honor Roll for every semester since his freshman year. He can be justifiably proud of his cumulative G.P.A. of 3.67. He has served as President of the Nogales chapter of the California Scholarship Federation and has been a member of the A.S.B. cabinet. During his junior year, he ran for the Varsity Track Team and also served on the Prom Committee. Dwayne's future plans include studying medicine at either U.C.L.A. or UC Irvine. Deservedly, Dwayne joins the illustrious ranks of Noblemen of Distinction.

Noblewoman of DISTINCTION

Noblewoman Christine Hong

A career in neurophysics and biochemical engineering awaits Noblewoman Christine Hong. Involvement appeared to be Christine's watchword as she prepared herself for graduation. She had been a member of C.S.F. and on the Principal's Honor Roll every semester with a G.P.A. of 4.0. During her junior year, she was class president and a representative to the Mt.Sac Academic Olympiad. She was also a member of the Interscholastic Council, Nogales High School Student Accreditation Committee, and the Tennis Team. During her senior year, she was the Senior Class President, President Pro-Tempore of S.A.C., member of the School Site Council, the school representative to the William Randolph Hearst Scholarship Competition, and a student member of the Western Association of Schools and Colleges Accreditation Team. In addition, she has participated in the Southern California Youth Citizenship Seminar and the Junior Statesman Symposium on politics. Obviously, Christine's many contributions have earned her a rightful place among our Noble-women of Distinction.

Seniors of

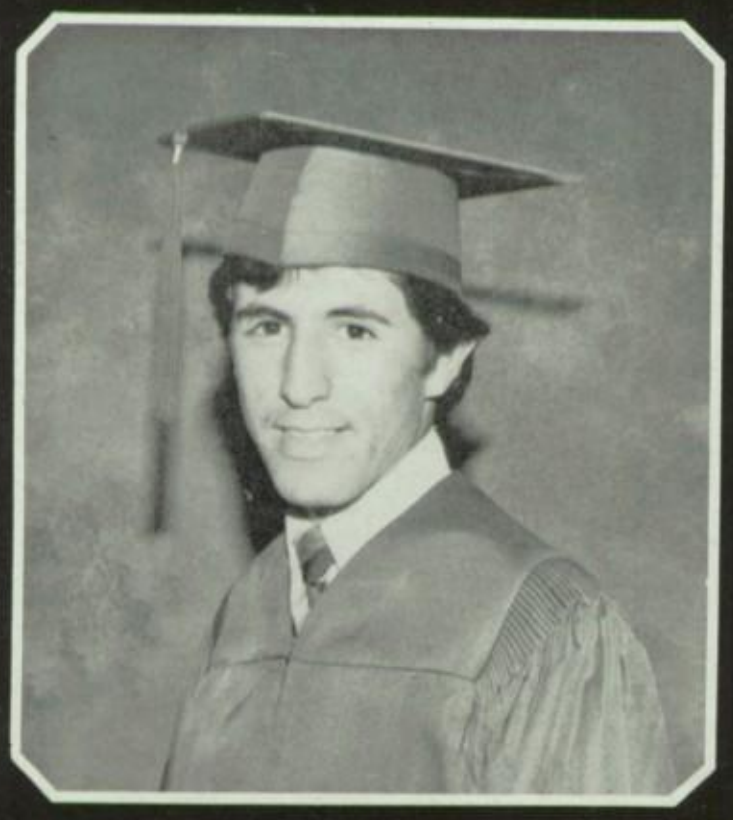


Gilbert Lucero

Gil Lucero has been actively involved in various school activities throughout his four years at Nogales. He has been a four-year member of **The Charter** staff, serving as editor-in-chief in his senior year. He has also held offices in the A.S.B. cabinet for two years and was on the Junior Prom Committee. Academically, he has a G.P.A. of 3.6 and has placed on the Principal's Honor Roll. His other achievements include being nominated for Boy's State and awarded "Outstanding Service" by the senior class. Gil plans to attend Cal State Los Angeles and major in Business Administration.

Ben Meza

As a charter member of Nogales' Historical Calculus Class, Ben is continuing along a path of academic excellence upon which he had embarked as a freshman. An Honors student, Ben has earned a place on the Principal's Honor Roll for each semester he has been enrolled. Ben has been a member of the tennis team, has served as a S.A.C. representative and as Secretary of the Nogales Chapter of the California Scholarship Federation. The future beckons brightly for this Senior of Distinction, as he plans to continue his education with a major in computers or electrical engineering.



Jose Ornelas

Athletically, this Senior of Distinction has made great contributions to Nogales High School. Jose has been a mainstay of the Varsity Track and Cross Country Teams since his sophomore year. His goals have been to break the Nogales' mile record of 4:28 and to break the two-mile track record of 9:42. Jose's future plans center around majoring in biology at Cal Poly, Pomona. He hopes to become a teacher and return to teach biology at Nogales.

Distinction

Susana Gonzalez

As an active member of many school programs and committees, Susana Gonzalez was an understandable choice for Senior of Distinction. She has been quite active in student government, serving as Junior Class Secretary, A.S.B. Vice-President, president of the Student Advisory Council and student representative on the School Site Council. She represented Nogales as a delegate to Girl's State and continued her representation as a citizen of Girl's State. Susana's academic achievements are equally outstanding; She is a life member of C.S.F. and has been on the Principal's Honor Roll. Her future objective is to become a pediatrician and plans to attend either Mount Saint Mary's College or Cal Poly.

Katrina Hunter

School involvement and academic and artistic achievements characterize Katrina Hunter's contributions to Nogales High School. She has been a member of the Nogales Drill Team for three years, serving one year as co-captin, one year as captain. She has been actively involved with the Modern Dance troupe, performing with them for two years. Academically, Katrina has qualified as a member of C.S.F. for six semesters and has been included on the Principal's Honor Roll. In addition, she was a delegate to Girl's State and a member of Junior State. Katrina Hunter — very clearly a Senior of Distinction.

Pam Salsman

During her four years in college prep classes, Senior of Distinction, Pam Salsman, has been on the Principal's Honor Roll and has attained a G.P.A. of 3.7. She has been a member of A.S.B. and was elected Senior Class Secretary, and has been a student representative on the School Site Council. Pam has been an active and valuable staff member of **The Charter** for three years, serving as assistant editor her senior year. She has been a member of the Varsity Badminton Team for two years and was also voted first Princess on the Homecoming Court. Pam plans to attend a university and major in business administration. "My goal in life is to own and operate my own business. My major in college will help me fulfill my goal."

Class of

People are what gives a school a personality, and Nogales High School has plenty of both - people and personality.

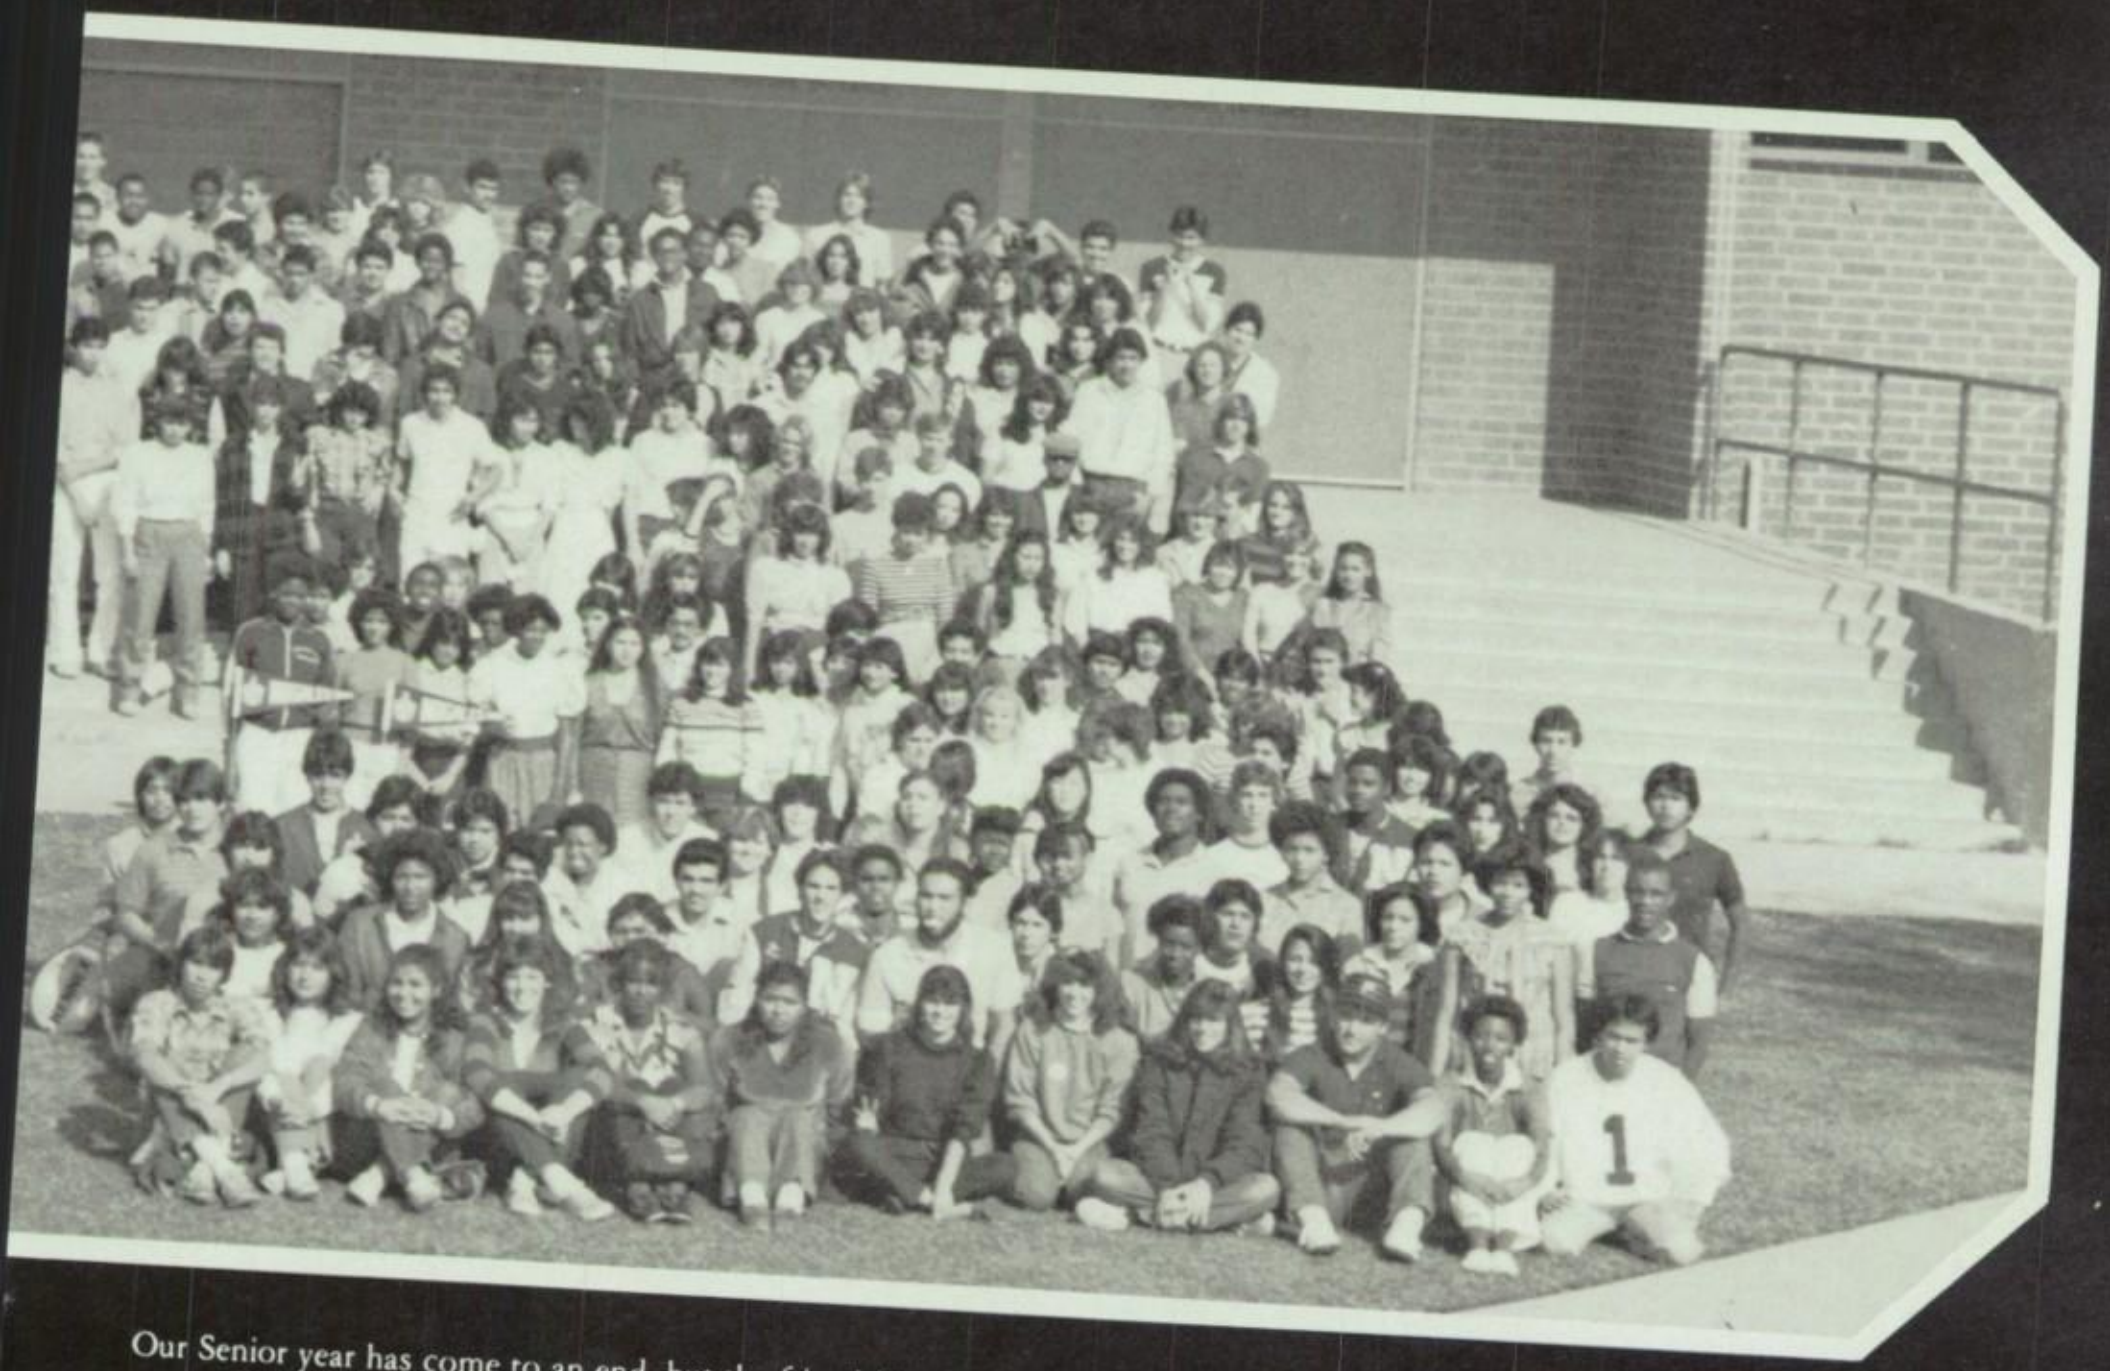
Our Senior class is made up of people in assorted sizes, shapes, and kinds. We have big people, small people, thin people, heavy people, intelligent . . . provocative . . . extraordinary . . . ordinary . . . wise . . . foolish . . . handsome . . . appealing people - and then some. We are all different - no two alike, and yet in many ways the same. We all want the most out of life - love, happiness, success, health, excitement, adventure, and we're all hoping that the future holds it in store for us after we graduate.

We, as seniors, have an obligation to our parents, our school, our fellow men, and our country. It's an obligation to try to make life better for everyone, and the things we've learned during our years at Nogales will help us achieve this.

If we approach our future life with respect for each other, we will find at least a partial solution to the many problems that face us all.

78 Senior Class Picture

"83"



Our Senior year has come to an end, but the friendships made and the experiences we've shared will be remembered and treasured in the years to come.

Our time together has been filled with memories of outstanding sports achievements, pep rallies, assemblies, favorite teachers, and fun-filled times with our friends.

A class, just like an organization in business, or a team in sports, is only as efficient and outstanding as the people involved. Our Senior class has been filled with so many enthusiastic, hard-working people who have really contributed to Nogales' spirit.

May all your achievements in whatever career you choose be filled with success, to prove that this class of 1983 is exactly what we have always felt it to be.

Good Luck Seniors!

Uh Sema, why does your dress show more than mine?

Windows of Activities

Our window opens onto a wide variety of activities. Peer through and you will see enthusiastic seniors at work, the frenzy of Spirit Week, our Noble reunion at Homecoming, the roaring spirits of the pep rallies, the awesome moves at the dances. This window will perk up your memories, recalling all the enchantment that took place. Relive all that you see in our twentieth jubilee.

What are these people doing behind me?

Ok, you guys, 2, 3 YEA.

Pep rallies are always filled with enthusiastic Nobles.

Fridays!

Friday's arrival brought with it a myriad of activities. Pep rallies were the star attraction during lunch. These rallies filled the gym and carried Nogales students to a fever pitch in preparation for the game that night. The Cheerleaders did their job of getting the team as well as the crowd fired up, spreading their Nogales spirit and letting all hear it.

At the game, our players were poised and ready to rise to the challenge of our rivals.

Our half-time show was presented by the Band, Drill Team, Tall Flags, and Rifles. They worked hard during the week getting prepared for a Friday night.

After the game, there was a dance. Everyone was filled with electricity and the night seemed to fly by too fast. Friday seemed to have just come yet it was already over. Weekdays returned and the excitement began to build because everyone knew that Friday was not too far away.

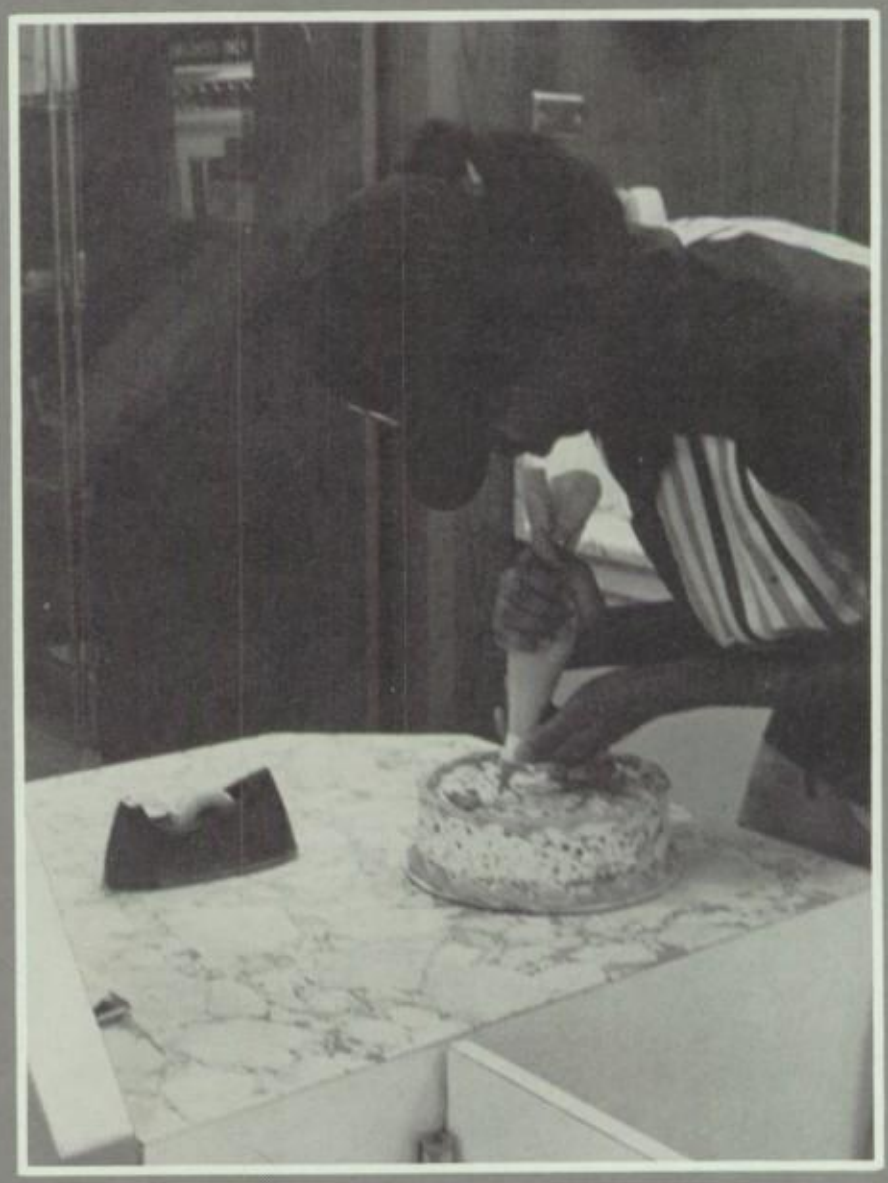
Working around the clock

Seniors working for what's ahead in life. Some work toward their life in college, future families and helping out their families, to buy fashionable clothes, extra ca$h in the pocket. A search revealed many Nobles engaged in a wide variety of employment working in the mall, across the street in the Quail Shopping Center. There are students that have parents who own their own business, and they work in them. Also, there are those who started out through R.O.P. and were able to get hired by the business. Keep up the good work Nobles to what's ahead in LIFE.

Just hanging around the job, huh Fernando?

mmm, I guess you want some ice cream too?

Shoot, she's stocked for the rest of the year.

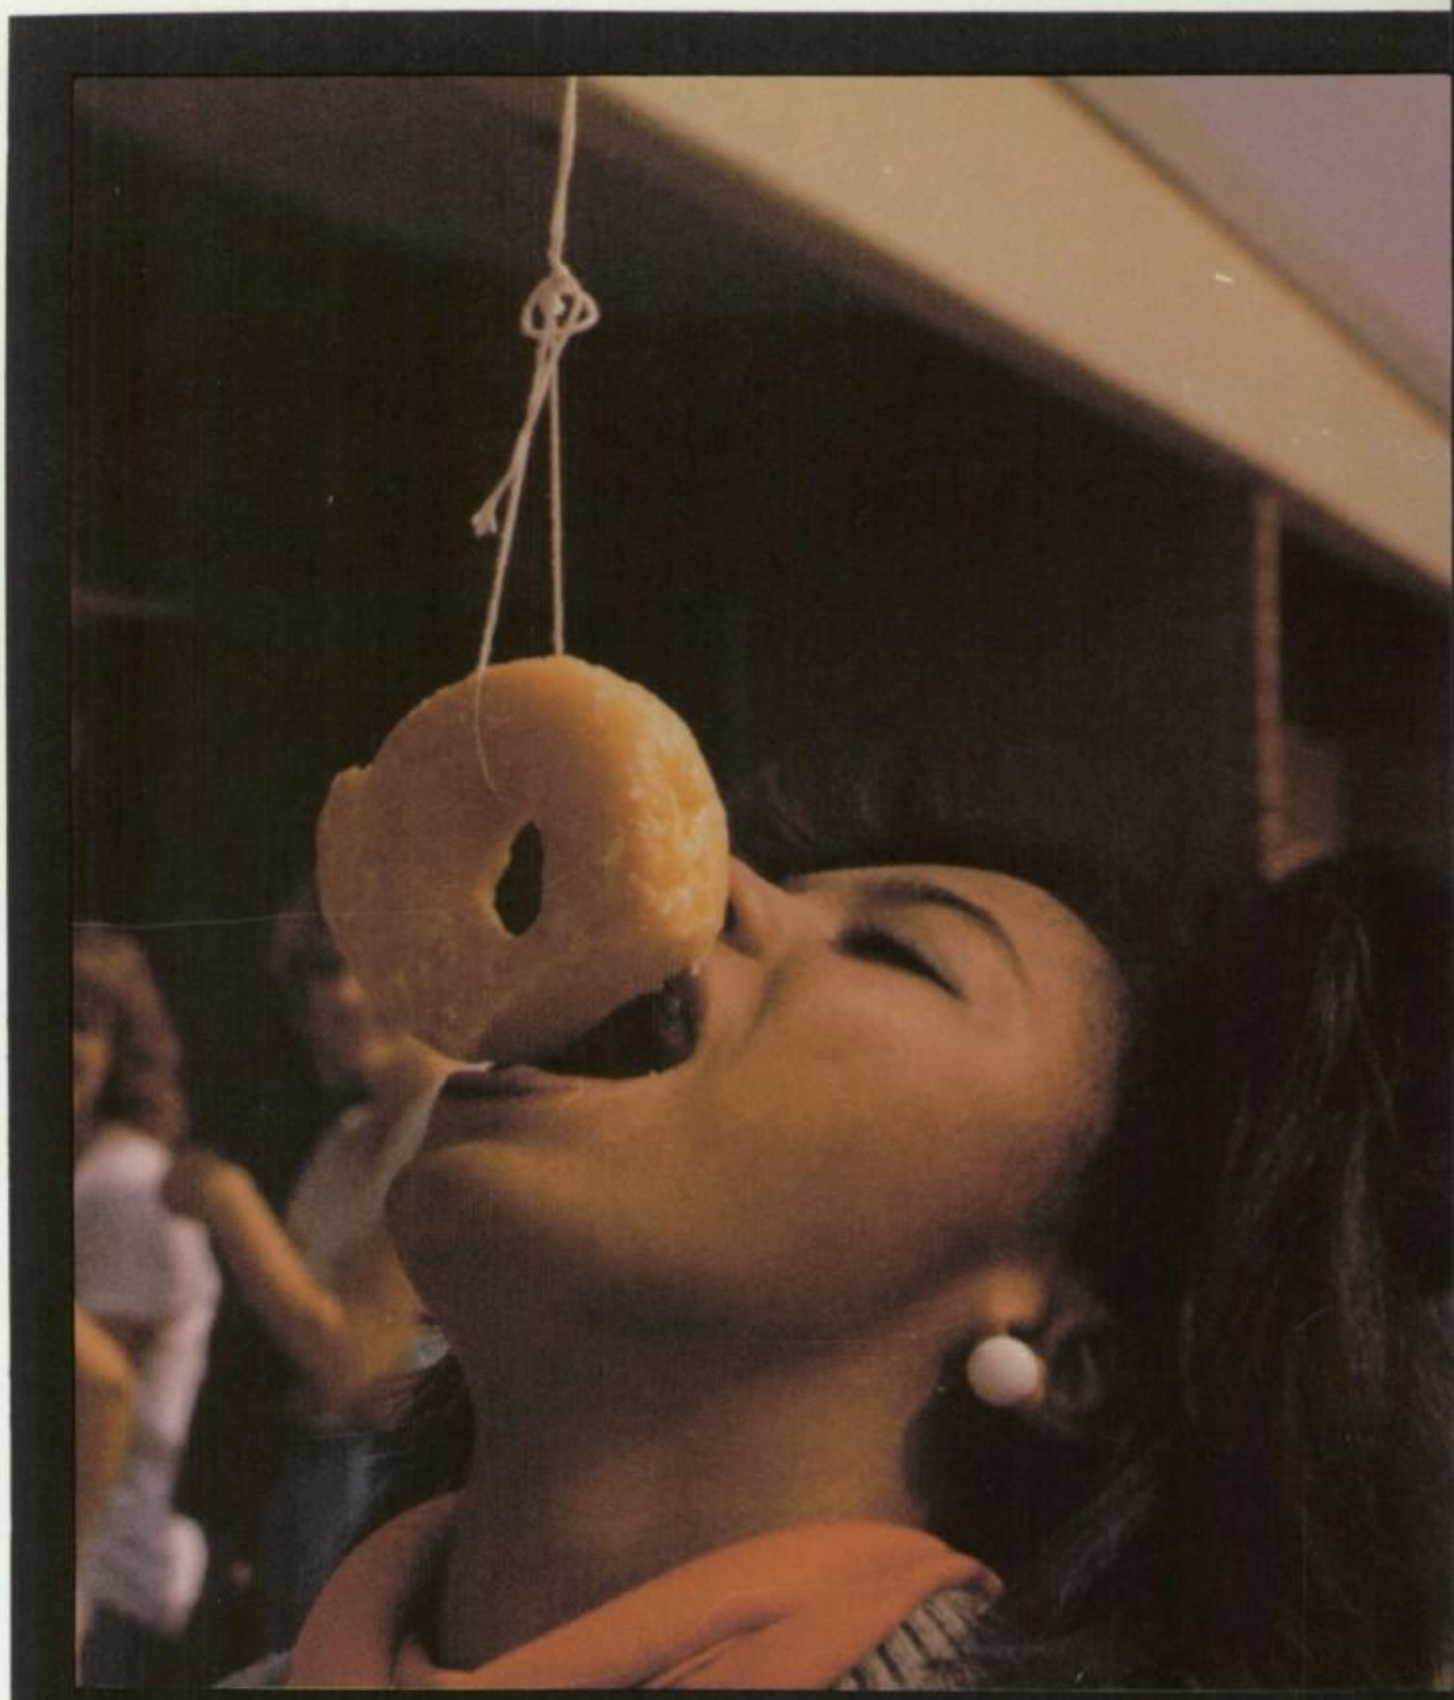


Only 5 minutes till quitting time.

Ah huh, I've got it. (Just dont slop on it John.)

Spirited Times

Every year, the Nobles get together for a very special event. This event is a week-long celebration and preparations are begun well in advance. First, the invitations were sent out to the alumni; then the vote for the homecoming court was held; next, the wacky Spirit Week Frolics enmeshed us all; finally, everything culminated with the game and dance.



On your mark, get set, Go!!!

It's a race to the finish between Jessie Ili and Michael Cromey.

"I scream; you scream; we all scream for ice cream!"

"Doesn't this look good, Becky?"

"Hey Holly! We're on a roll," says Lety.

Week of excitement

Spirit week gave everyone the opportunity to become involved. Classes had competitions against each other in various ways such as: toilet-paper wrap-ups, doughnut-eating contests, different dress-up days, bucket brigades, and ending with the tug-of-war. Nobles enjoyed these exciting frolics and look forward to the years to come.

Homecoming . . . A time for alumni to return to their Alma Mater . . A time to crown a new queen . . . A time to become a family. Festivities for this annual event took place on October 22, as we faced the South Hills Huskies on the field. The Homecoming committee, headed by Tawnya Granger, Cathy Mena, and Teresa Sanchez, along with A.S.B. Director Mrs. Karen Tilson and the A.S.B. Cabinet, staged Nogales' 20 Years of Style.

A night to remember

Pre-game activities consisted of Former Nogales kings and queens being presented on the Homecoming float. The half-time performance spotlighted the Noble Regiment, under the direction of Mr. Steve Larson and Ms. Carolyn Brown. The coronation of the court was the main event of the evening, with Toni Herrera crowned Homecoming Queen and Princesses Pam Salsman, Suzette Love, and Becky Sanchez as her court. Earlier that day, King Fernando Perez and his court of Princes, Marcel Marquez, Jesse Ortiz and Lars Edquist, were crowned at the pep rally. Homecoming is a time full of memories . . . Memories we will never forget.

Show your spirit!

Pep Rallies played a major part on the Nogales campus. They were a time when all classes came together and became spirited. The purpose of pep rallies was to show how we the Nobles were a family, and to acknowledge our pride in our teams, by rooting them on to victory. The pep squad, along with the classes of '83, '84, '85, and '86, showed its appreciation of individuals and teams and led class competitions. Every week, the pepsters awarded a member of a team. With special gifts for such things as: Best Smile, or Best Legs. Classes had a chance to show their pride during class competitions and by winning the spirit stick for the week. The Noble Family and the pep squad should be proud of these great rallies. They planned and worked hard in making all of us a part of the Noble Family.

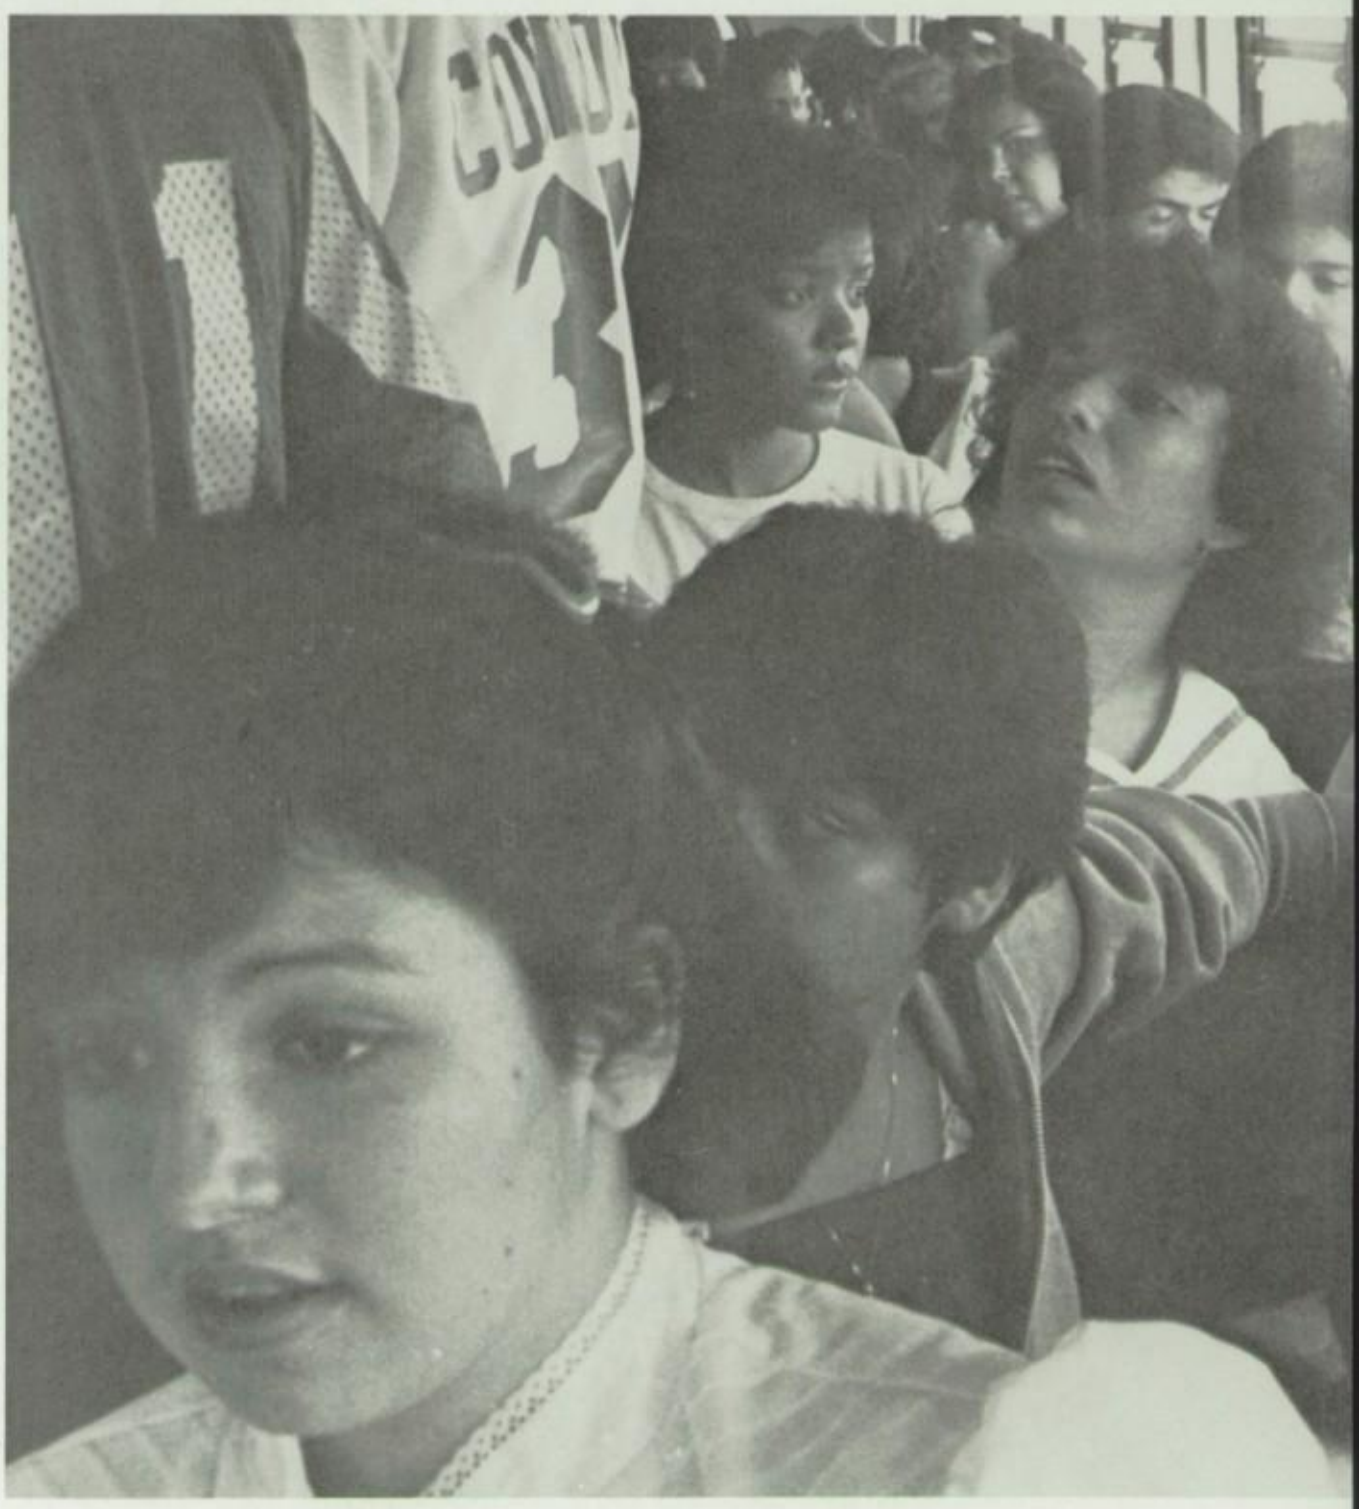
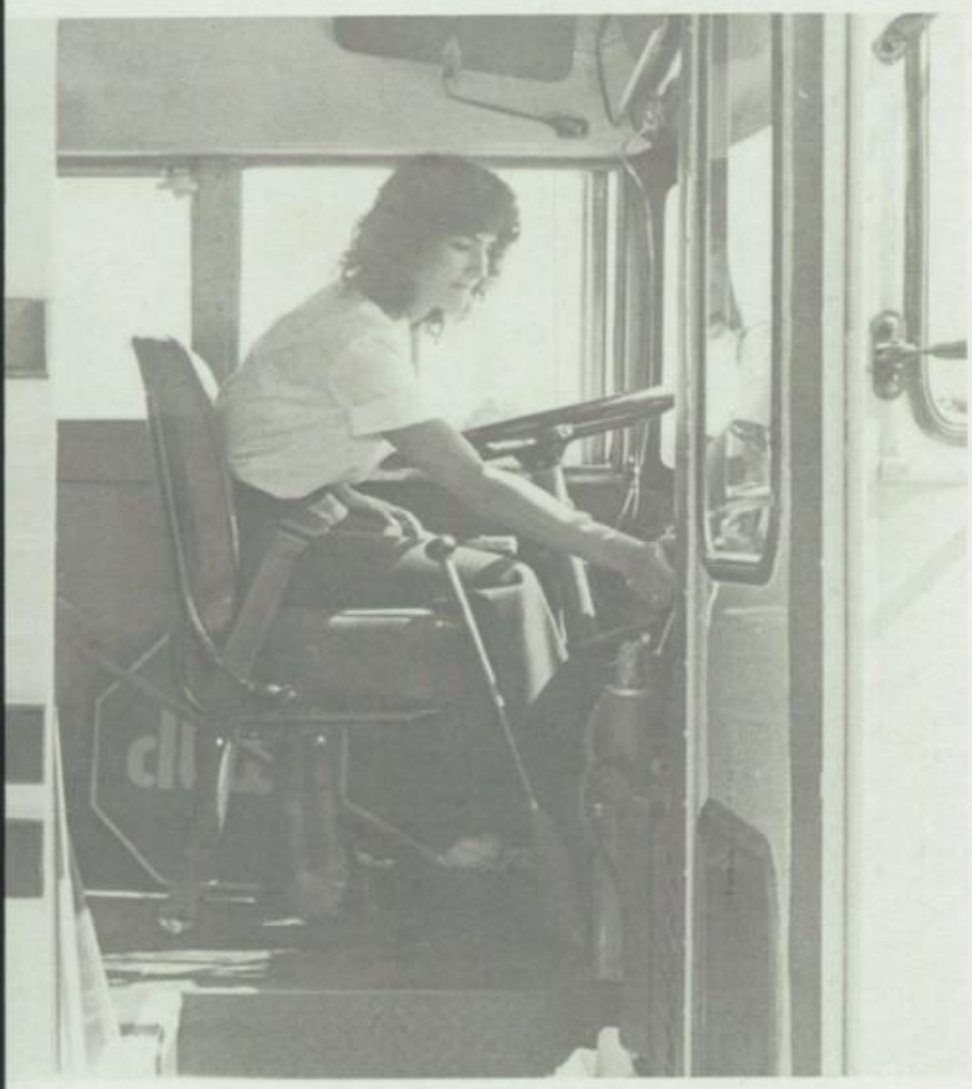
S.R.O.



Do you ride the bus?



"What do you mean . . . the wrong bus?"

"Sorry, full-up".

A large portion of our school population rode the big yellow bus to and from school. Were you one of those? A survey of the riders and drivers revealed both positive and negative reactions.

The students had both good and bad feelings about taking the bus. Most students felt that the buses were over-crowded and uncomfortable, because of the overload. One of the biggest complaints was having to get up early to wait for the bus. The good feelings were mostly towards the drivers. A majority of the students liked their bus drivers and thought they were "Cool". Another thing students liked was that the buses provided needed transportation to and from school.

The survey of the drivers, revealed similar reactions. Most of the drivers polled, had been driving for the district for six or more years. When asked, "Why do you drive the bus?" their replies were, "It's a challenge, and we like the kids". They enjoy driving for our high school students compared to other high school's, because of their friendliness and cooperative attitudes.

Always there in a Pitch

Its hard being a substitute because substitutes have to know a little bit about everything. This is because they are going into a classroom in which the subject that is being taught may be unfamiliar. They go into a new class everyday not knowing the students or really what to expect from them.

Many times students think that just because they have a substitute that they don't have to work; they can just talk and fool around. This makes it harder on the substitute because he has to keep the students from messing around and have them do their work. This causes students to dislike these substitutes and give them a harder time than usual.

At Nogales we have four substitutes that are consistantly here on campus they are Cathy Satterfield, Mike Goldner, Gordon Bersliegn, and Tim Tolsda. Miss Satterfield and Mr. Tolsda were both coaches here. Miss Satterfield coached Volleyball and Mr. Tolsda coached Freshmen Basketball. Mr. Goldner subed here last year for the first semester and he continues to be a frequent substitute. Mr. Bersliegn was a Co operative Teacher last year and he also is a frequent substitute.

Substitutes are necessary in order to keep the education moving and students learning.

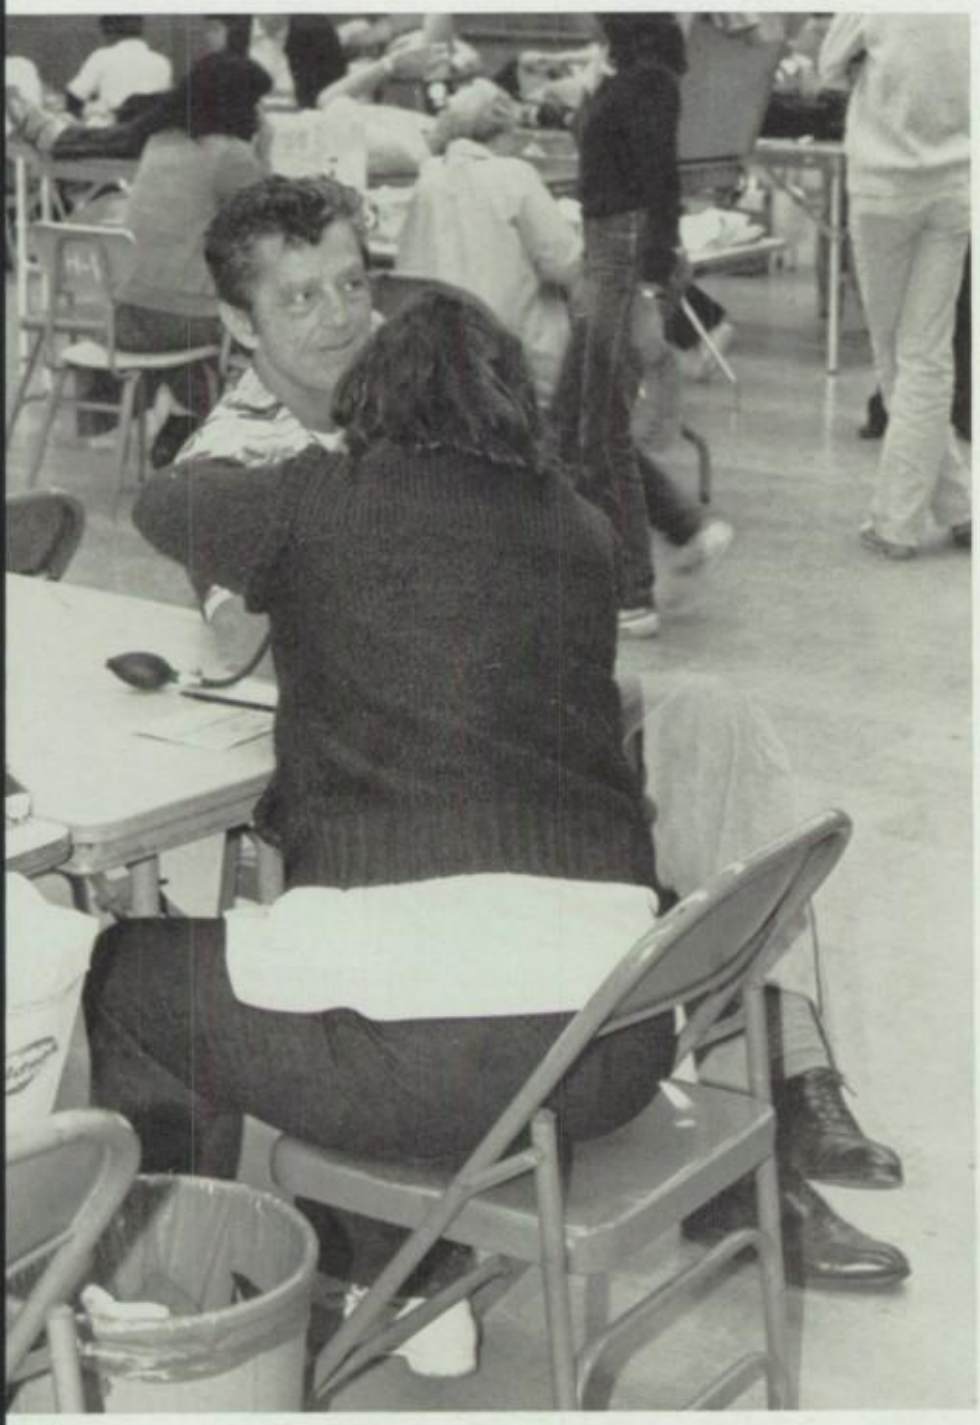
Gordon Bersliegn and Tim Tolsda.

Hart's Blood



Nogales sponsors two Blood Drives each year, one in the Fall and one in the Spring. This year 130 pints were donated in the November Blood Drive. This was the best blood drive that Nogales has ever had.

Donations were made by students, teachers, administrators, parents, and alumni. Our school has collected over 600 pints of blood for the Red Cross in four years.

Having his blood type checked, Mr. Nunn relaxes.

After you give blood it is then processed and checked for any possible disease.

While the needle is being administered, Chris Alejo, watches unflinchingly.

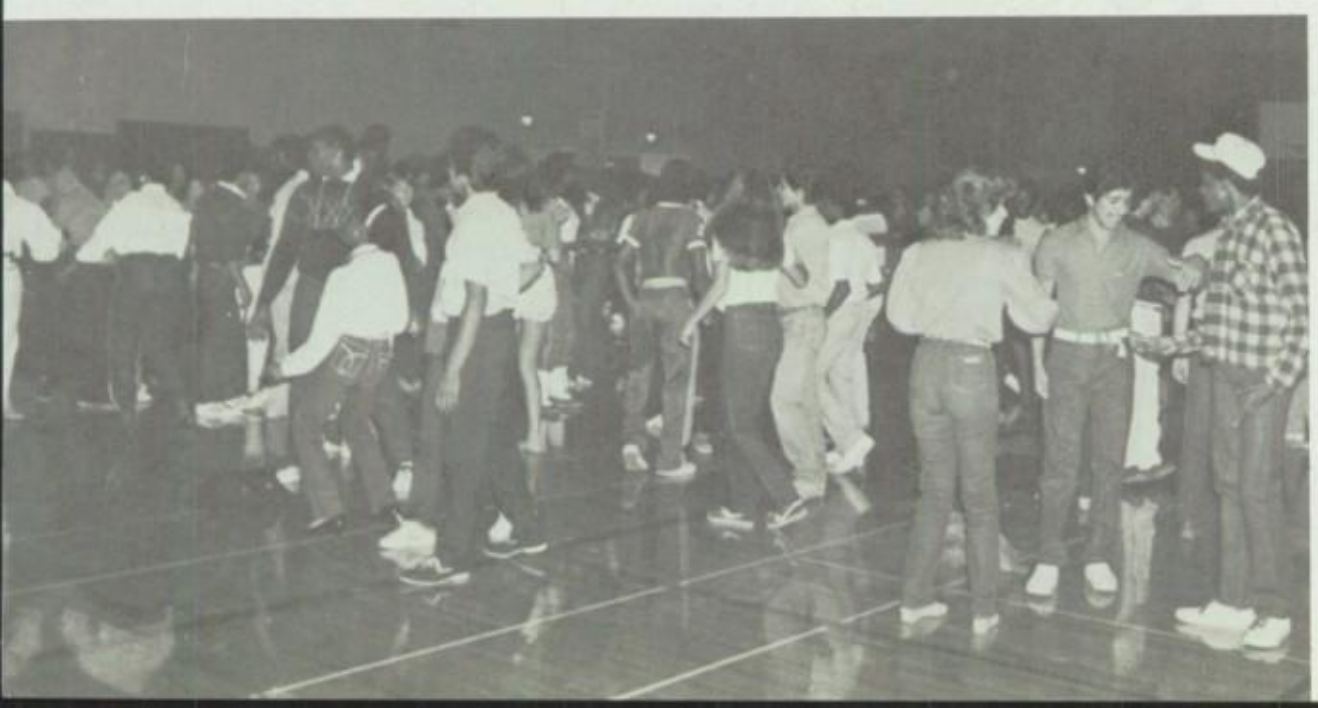
Nogales dances in style

Dances were a big smash at Nogales. There people met new people, danced a lot, and maybe even got to know who the person of their dreams was.

Some dances that we had were: The Hello Hop, Homecoming, The Turkey Hop, the Winter Semi-Formal, the Sweethearts' Dance, the Sadie Hawkins, Spring Dance, the Prom, and the Farewell. At each of our dances, there was a great turnout and everyone enjoyed himself. Dances are just one of the many things that will enhance our memories as the years go by.

1. One of Nogales' best dancers is Marcel Marquez.

2. Crazy Ed is at it again!!



1. Having a great time are Crystal Wooten and Don Gonzalez.
2. Two good dancing partners, Justin and Renee.
3. Nicely dressed for the occasion are Jose and Deena.
4. Two nice-looking couples enjoying the dance.
5. The crowd heads for the dance floor.

Nogales Nostalgia

Next stop Broadway.

Acting with Ms. Tilson couldn't be THAT BAD.

Control yourself Mr. Burtone!!!!

Hard work and long hours were given up by the Faculty this year to produce Nogales Nostalgia. It was a replay of part of a show that was put on twenty years ago.

For those who attended they will never forget the skit "Three Bears." Mr. Robles, better known as Goldilocks, skipping across the floor (falling apart); Mrs. Vanderveen (Mamma Bear) who couldn't cook and poor Baby Bear, Mrs. Ignatius, whom everyone picked on. What laughs!

Then the skit where the teachers imitated the students. You could tell they were just repeating what they see all day long. And who could forget our principal "Cool" Mr. Jackson complete with leather jacket.

The show was a great success and a tradition that we hope will continue as the years go by.

Could he be the new "Fonz"?

B.I.C. for everyone!

Candlelights and Roses

The Nobles' first event of the new year took place on January 8th at the Indian Hills Inn. With "Candlelights and Roses" as the theme, Dance committee members Johnitta Clemons, Fletcher McLemore, and Kaory Fielder provided dinner and entertainment by D. J. L.A. for our Winter Semi-Formal.

The highlight of the evening was marked by the crowning of the Winter Semi-Formal court. Tia Banks, Dee Dee Ross, Teresa Sanchez, and Crystal Wooten were announced as princesses. Letty Garcia was crowned Queen by former Queen Marie Magbago.

The night was filled with excitement. 1983 had just begun and is sure to hold many memories for us in the future.

Assemblies: A major attraction

Assemblies drew full houses as the year was filled with unforgetable memories. The year's shows began with the celebration of The 20th Anniversary of Nogales High and the recognition of several faculty members whom had taught at Nogales since it opened in 1962. The annual Homecoming Assembly, had the gym filled to the maximum, as did the spectacular show by Camfel Productions entitled "Stampede." Other assemblies included The Pepsi-Cola show, Modern Dance Concert, and Shakespearean Festival. As audiences grow more and more so may assemblies as they continue to become more exciting and successful.

The GATE Program presented a Shakesperean Festival Assembly.

You're All I Ever Do

I sit in class and think,
It's all I ever do.
And through you might not
know it,
It's all about you.
You're like the sun rising,
Shining through and through.
You're all I ever think of,
You're all I ever do.
They say it's just not possible,
The way I Love You.
How can I feel this way,
To one who can't be true?
I wish you felt the same for me,
But then it wouldn't be you.
But you're all I ever think of,
And You're all I ever do.

The response to the Fine Arts Contest was very gratifying. The entries in all categories were exceptional and all participants deserve recognition and appreciation for submitting such outstanding examples of their work.

Three winners were chosen in each category. In photo: first place went Mike Martin for his shot of a mystery-shouded drydock; second, to James Gordon for his sophisticated portrait of a young girl; and third, to Rosa Guerrero for her study of a laughing child. Teresa Chandler was accorded first place for her pen and ink sketch of a horse; Melvin Fe placed second with his interpretation of the Nogales Mascot and Virginia Flores received third for her stylized view of a flower. First place in poetry went to Victoria Bosinski for "You're All I Ever Do;" second place to Hannah Kim for "Rhyme" and third to Lisa Leavell for "The Heart of the Earth".

Rhyme

As the bright sun sets into the night,
All that you see is the bright sun light,
Against the blue sea the sun sets,
Is where two lovers might have first met,
Day after day the sun rises,
The bright sun light is beautifully concise,
Though you don't know what tomorrow'll bring,
You can count on the sun to be shining,
Forget all your troubles and look to the future,
For if the sun rises you can too!

The Heart of the Earth

Spinning deep,
Deeper we go,
Into the heart of the earth.

What we have here,
I do not know,
Deeper and deeper we go.

We get out and look about.
What it is I'll never know.

Shall we find out,
Or shall we back out
Of this new-found beautiful place?

Let's go deeper,
So deeper we go,
Into the heart of the earth.

'Round and 'round
And 'round we go,
Through the heart of the earth.

We stop. We look.
We listen. We see.
A deep and golden ocean.

We stop. We smell.
We look. We taste.
And then we become free.

Free at last, to live our lives,
Right by the golden ocean.
Free to see life as it really is.

Here by the Golden Ocean.

"A matter of record . . ."

"Windows of Time" is the theme for the 20th anniversary edition of **The Charter.** The theme was chosen to show the growth and changes Nogales has experienced and how it continues to become recognized as one of the best high schools in the valley.

The staff, headed by editors, Gil Lucero and Pam Salsman and advisor, Mrs. Penrose, continues to work hard to present a quality book to the student body.

Putting out a yearbook takes a lot of dedication and hard work. It can be a tedious but rewarding experience, working together to produce a lasting tribute to the school year.

Long, hard hours are spent making sure all the photographs are taken, copy written, and layouts done. Many times the staff must work after school and on Saturdays to meet deadlines.

A yearbook is one of the few possesions people keep and treasure throughout their lives- to look back and reminise about old friends and good times together during their high school years.

The Yearbook Staff sincerely hopes you will enjoy this book of memories.

Noblettes bring out the spirit

This has been a great year for the Nogales Drill Team. Although small, they have taken great pride in what they do. The group was made up of 17 girls consisting of the captain, Katrina Hunter, co-captains DeeDee Ross and Diana Brown, and the rest of the squad. This has been a new year for the girls with the addition of a new advisor Carolyn Brown and new band director Steve Larson. This year has gone fairly well with adwards at:

3rd West Covina Field Tournament
3rd- Chaffey Field Tournament
3rd- Westminister Field Tournament
5th- Arroyo Military Competition
2nd- Arroyo Show Drill Team
2nd- Lancaster Field Tournament

This year is also the first time the drill team participated in Miss Drill Team U.S.A. with a group of 13 girls and new co-captains Regina Scrivener and Anita Juarez. For this group this has been a fine year and a new beginning.

Noble Regiment

The Nogales Noble Band, known as "The Noble Regiment", has completed its most successful year in the history of the school. The band is under the direction of Mr. Steve Larson. Mr. Larson has given the band skills needed to be a top contender among other competitive high schools throughout Southern California.

Band awards include: 1st place at West Covina Tournament, 1st at Chaffey Tournament, 1st place at Antelope Valley Tournament. All units including Band, Tall Flags and Drill Team took a 1st place "sweep" at the Westminster Field Tournament and also captured Field Patterns and Maneuvering Sweepstakes at Los Altos. Percussion and Rifles both took "Sweep stakes" at the Chaffey Field Tournament.

The Noble Regiment attributes its success to Mr. Larson, who sees a bigger and better band for next year.

S.A.C.

The Nogales Student Advisory Council consists of one representative from each class plus one alternate. They meet every first Thursday of the month. The purpose of this club is for the representatives to express the views of the entire student body to A.S.B. so that A.S.B. can have a better understanding of what the students want and need, to bring back important information from the A.S.B. to their class, to take charge of individual class voting for different issues that might involve the student body, and to give the student body a better feeling of involvement in school.

Gymnastics

The Nogales Gymnastics Class has learned many techniques. They have been tested for their ability to do a floor exercise and were videotaped at that time. They have done routines on the uneven parallel bars and balance beam. They do conditioning drills to keep up their working ability to do handsprings, walkovers, cartwheels, and aerals. The Gymnastic Class has accomplished a lot this year.

The Drama Department under the direction of Mr. John Smithson has been very active this year. We have involved many new students in our productions. The fall play, "Voices from the High School" was hard-hitting and realistic view of the contemporary teenager growing up in our fast society. It took Nogales by storm and was so well-received that it played again in February.

Proud Nobles sing and dance

The Chamber Singers of Nogales High School are truly an excellent organization. Boasting 30 talented members, this group competes throughout the state with other outstanding show choirs for trophies and prizes at "competitions" and "festivals". A student must be able to sing, dance and perform to be considered for this advanced group. At the time of this writing the Chamber Singers were preparing to compete in five festivals, put on their own festival, tour Hawaii or San Francisco, perform throughout the area for schools and social organizations, as well as taking a major part in the school musical. THIS GROUP IS FOR PROFESSIONALS ONLY!!

The Nogales High School Concert Choir is the main choral group on campus. Consisting of 65 students, this group performs throughout the year at choral festivals, community functions as well as at Disneyland and Dodger Stadium. The goal of this group is to sing well for enjoyment and musical enrichment.

Dance Team

Added to Drama this year was the Dance Team. This team of three hard-working young ladies have been in several competions as well as performing at pep rallys and basketball half-time shows. We are pleased to have the Dance Team associated with Drama and look forward working together for the advancement of Fine Arts at Nogales.

Ethnic dance

The purpose of this class is to make the students aware of themselves as unique individuals. They can do this through the art of dance. It teaches them the feeling and rhythms of each culture. This class is under the billingual program. The students learn Jazz and Taps technique for the U.S.A., Mexican Folkoric for Mexico, Jotas from Spain, Sambas from Brazil, Hulas from Hawaii, and Polkas from other contries. This class is a performing arts class. The students have a few costumes and are coached to perform for other schools and special programs.

Dancing up a storm

The dynamic quality of dance produced by this year's modern dance troupe has been tremendous. Its Christmas debut, "A Dancer's Gift," showed the audience how today's music, in its many varied styles, can be created into a visual art. The dancers communicated the vitality and spirit of jazz, soul, rock 'n roll, classical, new wave and the contemporary sounds of modern music. The creative imagination of student choreographers leading the way for the multi-talented dancers to follow proved successful. The concert's success was dependent on perseverance and cooperation on the part of every member of the entire troupe. Ms. Holland was highly appreciative of the hard work and consideration that the dancers demonstrated.

Pep: Spreading spirit throughout the year

This year's Pep Club consisting of 29 members had an enthusiastic year cheering our teams onto victory.

Being in Pep is not as glamourous as people imagine. Staying after school to paint posters, practicing long hours, going to games early and getting home late, trying to keep up your studies so you don't get benched.

But it is worth it all for the girls involved. For they enjoy spreading their spirit.

What are you guys doing?

"My first step

This year Nogales was fortunate to have as our foreign exchange student, Lars Edquist, an eleventh grade student from a small town near Stockholm, Sweden. When asked about his impressions of America and more specifically of Nogales Lars responded that there were differences between America and Sweden and between Nogales and his former school but those differences were not as great as one might think. He found students here to be more friendly and outgoing than their Swedish Counterparts. In addition Schools in Sweden place heavy emphasis on Academics and have bertually no extracurricular activities. Consequently, Lars' selection as the Honorary Prince in our homecoming festivities was an unfamiliar but delightful role for him.

Swedish teenagers, however, share many activities with American youth. They hang out at little eating places, play video games and eat enormous amounts of junk foods. Typical, right?

Lars appeared pleased at his selection as an exchange student and has enjoyed his stay with us. Upon his return to Sweden, he will continue with his studies; his future still in the planning stages.

Lars, on behalf of the Noble Family, we have been delighted to know you and wish you a safe journey and much success in future endeavors.

Please Dawn, Comback to Sweden with me?"
Gee, I learned another language.

on American ground"

Lars browses through American history.

Student Government plans a successful year

The A.S.B. or Associated Student Body is an organization that represents every student at Nogales. The elected and appointed students on the cabinet have the responsibility to provide activities and leadership for all the Noble family.

This year Mary Shea, President, Susan Gonzalez, Vice-President and Sherrie Zukle, Secretary have had a successful year thanks to the cabinet and students at Nogales. Homecoming, Intramurals, Winter Semi Formal- Candlelight and Roses and the Sadie Hawkins dance were just a few of the successful events that were presented this year.

The cabinet is always striving to make Nogales the best high school in the San Gabriel Valley. The goal this year has once again been accomplished.

This year as Director of Student Activities I would like to express my thanks to all the cabinet members, students at Nogales, Sandy Brown, Priscilla Ocampo, and the Nogales faculty and staff for helping to make 1982-83 a very exciting and rewarding year.

C.S.F. COMBINES WORK WITH FUN

California Scholarship Federation is a society dedicated to combining scholarship with service. C.S.F. members must accumulate 10 points each semester (3 for each A; 1 for each B) in academic classes. Sealbearers, students with 4 semesters in the club, are awarded special honors at graduation.

Spring semester, over 75 students qualified for C.S.F. This year the group was led by President Dwayne Kindred, Vice-President Frank Hong, Treasurer Grace Mendoza, Publicity Chairman Lily Lee, and Advisor S. Satterfield.

The group raised money to give a scholarship to one of it's outstanding sealbearers. Other service projects included preparing materials for students at a school for handicapped children and acting as guides at the Nogales Career Fair. A visit to NBC Studios, a trip to Disneyland, and a spring awards banquet rounded out the year's activities.

Synchronized Swimming is a special kind of swimming in which girls perform water ballet to music. It takes long hours of practice to perfect the synchronization of routines.

This year's club had an interesting year with try-outs in February. March rolled around with a St. Patty Gram and candy sale. April was full of practice, staying after school and some Saturdays to get the girls ready for the big night. May came quick with having to get costumes ready for the show and use to the night lights.

Some of the advanced swimmers are Linda Austin, Alela Fairchild, Virginia Flores, Alicia Fraijo, Donna Kuykendall, Heidie Lampert, Martha Quijada, and Deloras Yslas.

The co-ordinator of synchronized swimming is Miss Nancy Noble. Miss Noble has put a lot of hard work and dedication to the club and most importantly to the girls individually. When asked how they felt about Miss Noble, the girls replies were, "She's a special teacher and friend to all of us". Thanks Miss Noble for everything.

WINDOWS OF SPORTS

Nogales High School has many sports from football to tennis which students have enjoyed through out the years. All students on teams have worked very hard to do their best and win. We thank all the coaches for their time and energy spent helping our athletes to compete and win. Also we thank the students for joining in the sports to make this school more fun and enjoyable and for providing us this opportunity.

Nice pass, Nancy!

The Nogales Cross Country Team continued its tradition of excellence by qualifying for C.I.F. post season for the sixth year in succession. This was supposed to be a building year for the Nobles, but after running and winning many medals in pre-season invitationals: El Dorado, Azusa, Esperanza, the team settled down to league competition.

Seniors Jose Ornelas, Steve Kreider, Daniel Vallata and Juniors Jerome Smith, Steve Torrey, Larry Holcomb and Ferrel Van Raalten came together to set a new team record at Mt. Sac of 84.28 and a 4-1 second place league record.

If this was supposed to have been the building year for the Nobles, the saying "Wait till next year" can only mean devistation to future opponents. The four returning juniors and with a deep Frosh-Soph. and J.V. team, will help the departing Seniors know that the Nogales Cross Country traditions will continue to run on.

The J.V. team was led by seniors Armando Botero and Robert Arciller. The team placed second in league and supported the varsity team by filling in when needed in C.I.F. The team started the tear defeating La Puente, Workman, and Northview before falling to South Hills. The J. V. team went on to league finals with Armando and Robert winning league awards, and Armando being selected to continue to C.I.F. on the varsity team.

The season started out as an unknown as Jesse Mata and Eddie Palacios were the only returning members of last year's frosh-soph team. Freshmen Jesse Zamora, Eric Apparacio, Jose Vega, Luciano Gonzales, Javier Trejo and 1st year sophomore Manuel Gonzales came in to help the returning sophomores, and came within 3 points of a league championship. This, by far, has been the best frosh-soph team that has come together at Nogales.

The team showed their talent by winning awards at the El Dorado, Azusa, Esperaza Mt. Sac invitationals and placing 4 in the top 12 awards winners at league finals.

The cross-country future seems to be bright if this group continues.

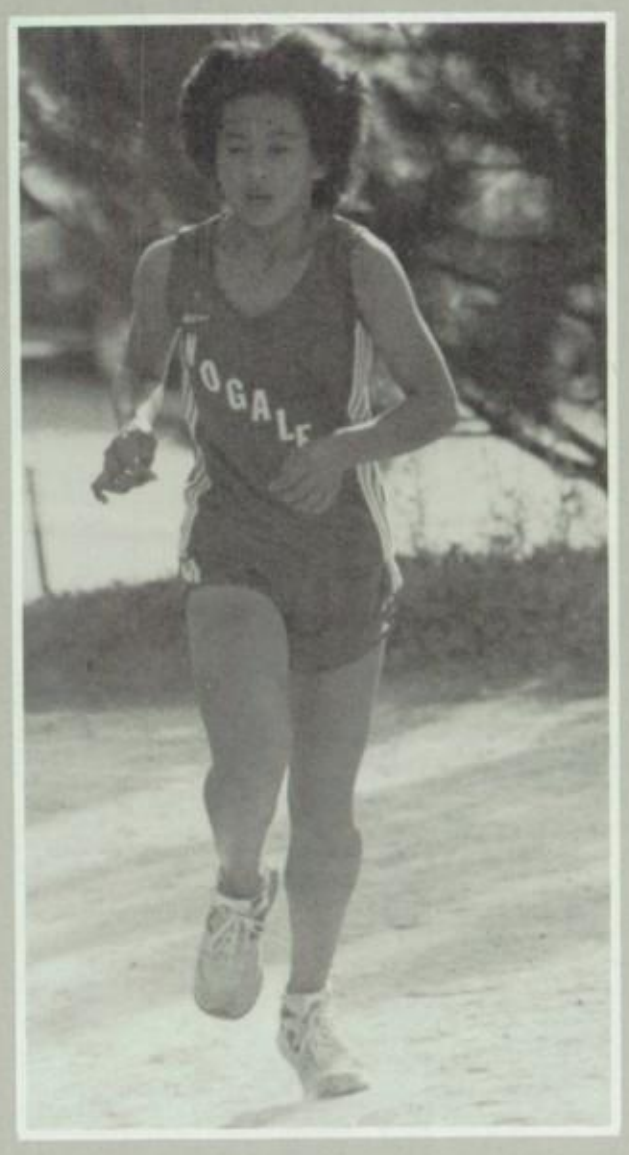
The girls X-Country team was excellent and started the season with two returning C.I.F. runners, Pat Ponce Sr. and Alma Zamora (Jr.). Also their 5 untested freshmen along with one Sophomore. The season would be rough, but the freshmen as well as their upper classmen were prepared for the challenge, and did meet the challenge in being the team to beat in the Valle Vista League. But when league finals came Nogales walked into being met with number 3 runner Terri Dormanta, being hit by a car. That slowed our determined Nobles to a 2nd place but still qualifying for C.I.F.

The team returns six varsity runners, Herman Rincon, Terri Dormantaz, Israel Aceves, Gloria Rincon, Kim Chu, and Charlean Arizona.



Terri pushes forward with all she has.

J.V. Serves A Winning Season

"A first place team in a second place slot." This phrase best describes the 1982 Junior Volleyball team. The team was tied for first place through most of the season with a terrific chance of tying for first place with Covina. Unable to get past Covina, they took second in league, still an honorable position.

The season began with only four experienced girls from the previous year, but the ten teammates worked together with the same goals in mind. Our starting setters, Linda Austin and Nora Torrero, kept the strategy rolling. Spikers, Lii Ili, Lisa Walker, Socorro Arguello, were busy at the nets with the blocking assistance of Lii Ili and Olivia Hurtado. Strong back row players, Terri Cuen, Caroline Loaiza, Shirley Ramirez, and Maria Amezquita, kept the ball in play. These skills, combined with the excellent coaching of Mrs. Keating and the assistance of Toni Herrera, made an outstanding mark in the Valle Vista League.

At league end, the Junior Varsity Volleyball Team finished with a 7-3 record. This a promise for the future for Nogales students to come and a season to be proud of. Outstanding Players: MVP - Levsooli Ili, Most Improved - Maria Amezquita, Most Inspirational - Caroline Loaiza

Frosh-Soph Spike Their Way Through League

This year's Soph-Frosh Volleyball team made an outstanding effort in keeping their third place title in the Valle Vista League. They held a 4-6 record overall, which is very good for the girls who came out for the first time.

The girls were a very spirited team that never gave up. They all wanted the same goal-they needed to win! With this aim in mind, the girls had an excellent season. The coaching of Kevin Corral was extremely good. He used great strategy, and the girls used it to their advantage. This is one team to be very proud of.

Is Not Bad!!

In nineteen eighty-two, the Nobles had the second best record in the history of the school (7-3), to last year's (8-2).

They were paced by a tough running attack lead by Sean Gillespie and company. On defense, the Nobles were lead by Santos Sanchez and Brian Owens.

Outstanding players were, Brian Stewart, Brian Owens, Jesse Ili, Tim Brown, Steve Stone, Greg Elias, Chris Butler, Randy Stall, Issac Smith, Tony Turner, Tony Dunford, Bill Brown, and Randy Folden who was injured in the first half of the season.

The Nobles could have ahad a better season, but they were plagued with key injuries.

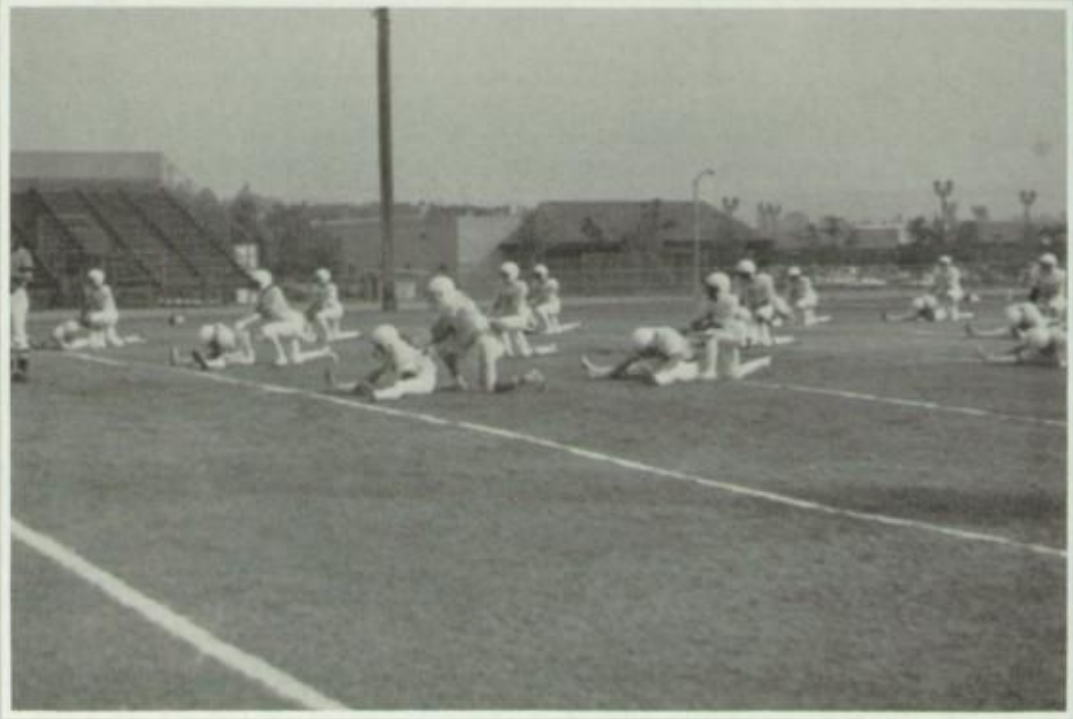
J.V.'s On The Move Again!



Coaching the Nogales J.V. Football Team was a rewarding experience for coach Di Palma and myself. We were extremely pleased by the way our team performed under different circumstances. Since both of us had responsibilities at the Varsity level, the J.V. players did not always have the quantity of time they deserved. In spite of this fact, the J.V. team won seven games and lost only two. We came in second place to an undefeated South Hills J.V. team.

During the pre-season (our practice games) we won three and lost 1. Our only loss was a difficult 10-8 won by Edgewood High. The Varsity borrowed our quarter back Jim Baca and our second string quarter back Jason Hall was injured in the first quarter! Julio Ramos did a fine job "filling in." We feel certain we would have won without the quarter back problems that we had.

Our league record of 4 wins and 1 loss is testament to the determination and dedication of our players. Again our only loss was to a good South Hills J.V. team that scored the winning touchdown with only 24 seconds to play in the game.

I want to thank each player on the team for their efforts throughout the year. They not only proved their skills as athletes on the football team with a successful season, but they conducted themselves with class and good sportsmanship. We wish them well next year as they join the Nogales Varsity. Guys, you made me proud to be called your coach . . .

Freshmen Football Survives Another One!

Freshmen football 82 was a positive and exciting year for the frosh class of 1986. On offensive the team averaged 28 points a game. Outstanding players were John Mendoza, 14 touchdowns running, Nick Segura 14 touchdown receptions and Darrell Lewis 8 touchdowns. Running quarterback Tim Wells threw 17 touchdowns and ran for 4 more. On defensive the Nobles attacked with such tough hitters as Jesse Lara (LB) Tom Taylor (DE) Tony Liberty (DB) Ray Cullar defensive line and safety Darnell Williams. Next year's class of 1986 football players hoped to keep this trend alive.

By Great Players

Come on, give me the ball.

It is amazing how fast a season can end. We started with summer practice and moved into the beginning of the school year with practice games against Royal Oak, Edgewood, Rowland, Bassett, and Wilson. Our pre-season record was 4-1. At this early stage it was evident that Nogales was going to have a good season. We finished second in league behind Workman.

League finals for individuals were held at Covina Hills Racket Club. Carmella Marquez, our number one singles player was the League Champion. Also turning in an outstanding performance was Erica Pinkett, who finished 4th. Carmela will represent the Valle Vista League in the C.I.F. Individual play-offs held in Palm Springs.

This has been a really exciting team to work with. I'd like to extend my appreciation to each one: Sheri Bingham, Patricia Brundage, Efen Huang, Carmella Marquez, Mary-Lou Marquez, Erica Pinkett, Lourdes Reinoso, Mariluu Reinoso, and Maria Villa.

J.V. Tennis Comes Back For A Good Year

The 1982 J.V. Tennis team had a slow season start but came back strong and finished 2nd in league. After the first 3 losses we regained own pre-season strength and completed the remainder of the season undefeated. The team was led by a strong performance by sophomore Eugenia Woo as our number one singles player; Raelene Donney and Ruby Estrada, the number one doubles team, completed an outstanding season by winning 24 of their 27 games.

The highlight of league play was beating Workman in the second round. We tied the match, 9-9 and gained the victory by winning 88 games to their 83. With a young and dedicated team such as this, we look forward to a league championship next year.

H_2O Polo

Water Polo, a ball game that is played in the water by two teams of seven men each. It requires strong swimmers, who attempt to advance a large ball into their opponents' goal, scoring a point. It is generally a rough game that is played more often in swimming pools than in open water. Water polo is popular in most parts of the world and has been a summer Olympic sport since the beginning of the modern games.

There have been two versions of water polo, but the only one officially recognized throughout the world today is international water polo, more commonly called hard-ball water polo.

The earlier but obsolete form of the game, known as American or soft-ball water polo, was popular only in the United States. It was introduced toward the end of the 19th century and called for a ball that was much softer than that used in international water polo today. The innate roughness of the American game, its lack of scientific technique, and the indefinite rules of play caused it to be abandoned.

The pre-season record was 3 wins, 5 defeats. The team played in 2 tournaments, Azusa and La Puente. The highlight of the pre-season was a come-from-behind 1 pt win over Saint Paul, made possible by good aggressive plays and a basket with 2 seconds left by Troyce Smith.

Early in league play, the record was 1 win and 2 losses. The win was over Northview at Northview. The score was 49 to 27; Alma Alvarez led the team in scoring with 15 pts, Renee Smith 13, Brandi Garrett 11, and Lii Ili 10, leading the rebounding.

This year's team was very young and improved as the season went on. Their goal was to play hard, aggressively, and pick up a spot in the post season CIF playoffs.

This year frosh basketball, led by team captains, Toya Smith and Charlotte Dehesen, and team manager Connie Dean, ended with a 9 win- 9 loss record overall, and with a 4 win- 6 loss record in league play, placing 3rd in the league. Even though they were the smallest team in the league, all of the seven players were outstanding. This team had much character. Even when they were down by as many as 11 points in the second half, they still came out winners. This effort showed what kind of spirit this team was made of.

J.V. moves into league with class

The 82-83 J.V. Basketball season started off with a 7-1 record until the Christmas Tournaments. The team had to play 7 games in 9 days and this took a toll on the team. However, the team rebounded and beat Rowland, Edgewood, and Northview quite impressively.

The J.V. Basketball team proved themselves as a very good team during league in 1983. Outstanding performances have been a big highlight for coach this year.

This J.V. team has shown that hard work and dedication to a sports program can only make the program and the individual better. Coach Milton felt that it was a great season and a pleasure to have coached such fine young men.

This year's starters were Sterling Mills, John Nichols, Matthew Nottingham, Larry Langi, and Hong Kim.

Coming off the bench to do a fine job were: Joselito Lomboy, Dennis Bibal and Joe Nam.

We were kind of skeptical at the beginning but Joe Solis, the number 1 ranked wrestler in the valley in his weight, kept us going in the beginning but soon Art Domantay, Eric Ramos, Joe Velarde and a super surprise - Kevin Gonzales - all came on very strong. When league finals rolled around the return of number-1-ranked Chris Butler was a great inspiration to the team. Butler, the team captain who had been out most of the year with a broken ankle, made a strong recovery to place first in league finals and also ranked very high in C.I.F. The other stand-out, Joe Solis, also was high in C.I.F. Other Nobles such as Art Domantay, Eric Ramos, and Joe Velarde and freshman, Kevin Gonzales, all placed high in league and particpated on C.I.F. competition.

J.V. getting into the swing of things

This season was a building year for the J.V. Softball team. With only two returning players, the team had a lot of fresh talent. The girls began to develop individual skills as well as team unity. They worked hard at practice helping each other to improve and to understand the game better.

Early on it became evident that this would be a strong team as they gained more experience. Their sincerity and dedication has given their coach a great amount of confidence in them. She was very optomistic and anticipated an exciting season.

The Varsity Softball Team was very promising. This was one of the best teams that Nogales has ever had, and they had enthusiasm to go all the way. They had a great pre-season record and hoped to do well in the league play, and also to continue their winning streak into C.I.F.

Returning Valle Vista First Team All-League player was pitcher Laura Laase. Other returning players were Toni Herrera, Lisa Ledesma, Paige Wheeler, Tina Cuen, and Lisa Walker. The rest of the squad was filled by girls who showed great potential. With all these things going for them the 1983 Varsity Softball team looked forward to a sucessful season.

Varsity baseball: A tradition in excellence!

The Nogales Varsity Baseball team of 1983 was a blend of old and new as the season started. The returning All-Valley Vista League players were: pitcher, Dave Quintana; catcher, Ken Towner; infielder, Joey Esparza; and outfielder, Leonard Avalos. Other returning players were: Randy Foldern, Fernando Perez, and Sid Herera. Completing the line-up were two seniors, two juniors, and five sophomores. With this mixture of talent and experience, the team looked forward to a great season overall.

The coaching staff felt that the success of future Nogales' Varsity teams will be measured by the achievements of our '83 baseball team. With this thought in mind, this year's team was known as one of Nogales' best!

Lady striders

The Nogales Lady Tracksters was not a large team but it was still powerful. The little group of runners proved to the league that greater numbers did not mean better teams. The team was led by seniors Regina Montgomery and Kia Henry, running the 100-200 meters and the 400 and mile relays. The distance ladies were young and tough. This group was led by Alma Zamora and Pat Ponce, returning vets who assisted newcomers: Isabel Aleves and Gloria Rincon. Field events star, Connie Hernandez, rounded out a strong team.

The Nogales Track Team began the year fighting inclement weather, sickness, and injuries. By the end of the season, however, they pulled together and fought to a successful finish.

The 1983 squad was small but still attained many outstanding performers; Marcus Cheeks, 100-400 meters; Marvin Burell, 400-800 meter; Brian Stewart, 200 in both relays and in the field event; Sterling Mills, Triple Jump; and Brian Owens, shotput; led the league.

The team worked hard, ran in weather fit for ducks to bring home awards at El Dorado, Mt. Sac, Arcadia and Bishop Amat. Relays. C.I.F. is in the future for many of the runners.

They had a very strong finish at league finals and were led by Jim Dalton, Terry Cheeks, Johnny Mendoza, and Eddie Palacios.

Let the birdies fly

The J.V. Badminton Team has done excellent this past year. They have proved to be very competitive and very strong. There are many new members on the team who did very well. They are: Anthony and France Sutanto who were freshmen, Suryanto Jusran, Jesus Ochoa, and Gull Tejwani. The girls are Charito Cordero, Claudia Gutierrez, Merlie DeGuzman, and Chris Hernandez. Varsity Badminton has a smashing season

The Varsity Badminton team got off to a good start at the beginning of their season. They took first place in the Covina Open Team Badminton Tournament. This victory was followed by a strong showing in the Azusa Individual Tournament. Outstanding players at both tournaments were Efen Huang, Sam and TK Meksavanh, Virginia Flores, Pam Salsman, Sherri Bingham, Patricia Brundage, Richard De Graff, and Mark Schifferdake.

Efen Huang, a singles player did an excellent job in leading the team. The was ranked in the top four C.I.F. Sam and TK Meksavanh were leading the boy's competition. The team opened the league with a close win over a strong Workman team and won the next contest against Covina easily. The team hoped to place either first or second in the Valle Vista League.

WINDOWS OF JUNIORS

The year is a big step for the Juniors. For some, driving a car for the first time and holding their first job are the big accomplishments of the year. With half their high school years over, they begin to plan for further education by taking tests such as the PSAT and looking over requirements in order to select the school they will be attending after graduation.

The spirit is alive in the class of '84. Headed by President Gerard Magbago, Vice-President Charito Cordero, Secretary Stacy Brown and class advisor Mr. Jim Sieger, they have dedicated the year to planning the Junior-Senior Prom, which will be held at the Golden Sails Inn in Long Beach in May. There is no doubt that the most spirited class on campus will not have any problems as they move through the Windows of Time to success.

Sophomore class officers: (from left to right) Cindy Tse-Secretary, Martha Rubio- Vice President, Hannah Kim- President.

WINDOWS OF SOPHOMORES

The 1982-83 Sophomore class officers are Hannah Kim-President, Martha Rubio-Vice President, and Cindy Tse-Secretary.

Each officer has his own responsibilities and duties, and with the help of our advisor, Mrs. Traugott, we have accomplished our goals. One of our major responsibilities is the prom which we will be hosting for the class of 1984. We are working hard to earn money so that we may host one of the best proms ever, and still have money left over for our Grad Night.

We hope to make our Sophomore year successful and accomplish all that is necessary to make this a year that will be great for the class of "85".

ANYTHING is better than the school's food!

"Busted!"

CLASSES EDITOR:

ADELA FAIRCHILD

Windows Of Freshman

Freshman have gotten off to a good start enjoying campus life, getting acquainted with teachers, and getting used to their daily schedule. Many freshman want to get better acquainted with the school: they join in an activity. Others just want a basic general education. Many freshmen have done so well that we wish them the best next year as sophomores. From here to "86".

Students working hard in English to get their classwork done.

1982-83 High

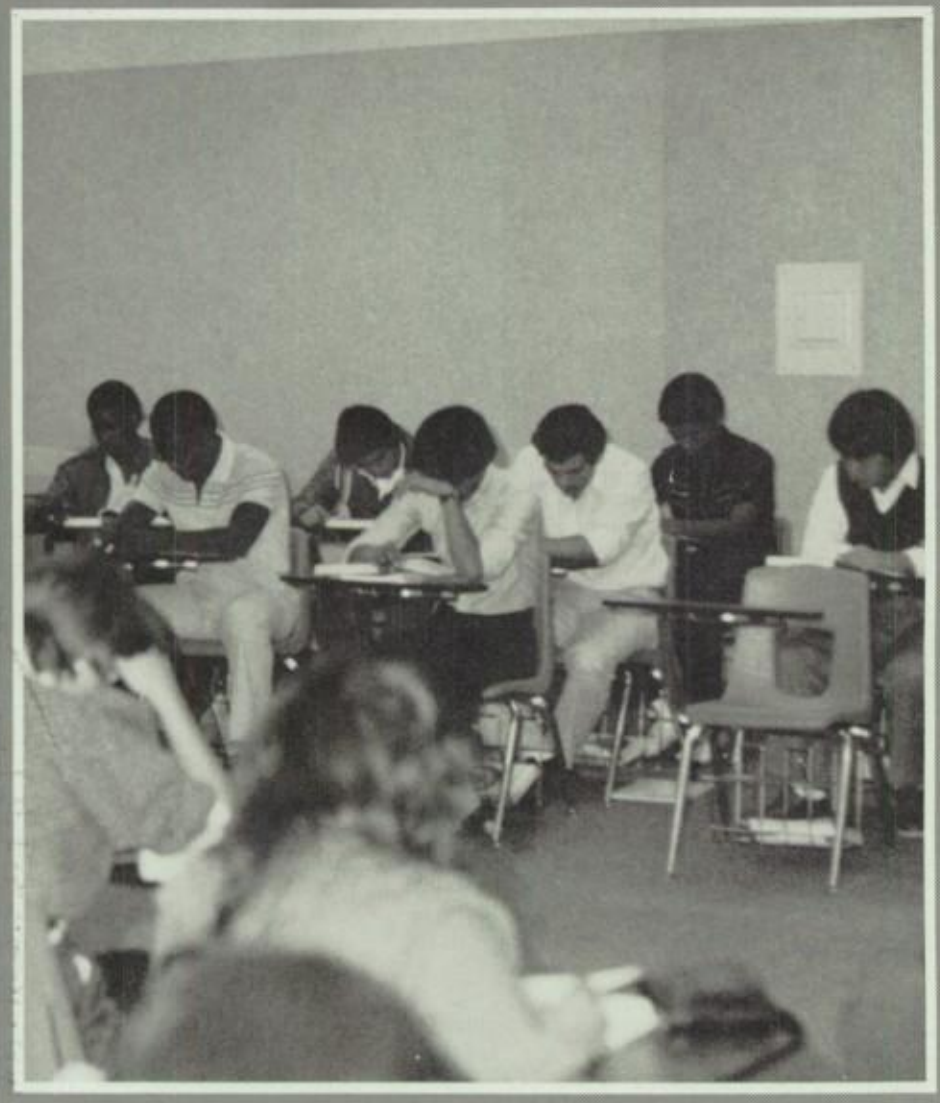
Throughout the year we have had many memorable moments. Some we remember more than others. For instance, the first day of school the seniors were glad because it was their last year; the juniors and sophomores thought of it as another year of school; and the freshmen were terrified of coming to a new school. We also had our homecoming game which, by the way, we lost. Our Varsity football team made it to C.I.F. anyway. We had a dress-up day for Halloween, then we were given a 2-week vacation for the holiday season. In January, we had the winter formal which turned out quite successfully. We actually lost to Workman in Varsity Basketball, but you have to admit Workman had a good team. We had the student parking lot closed for the carnival. We also had the faculty show in March along with our Spring vacation. In April, we had Sadie Hawkins and one of the biggest events in May was the Prom and of course, we couldn't forget the graduation of the Senior Class of 1983.

A nice couple enjoy their evening at the Winter Formal.

Look at all the prizes we could win!

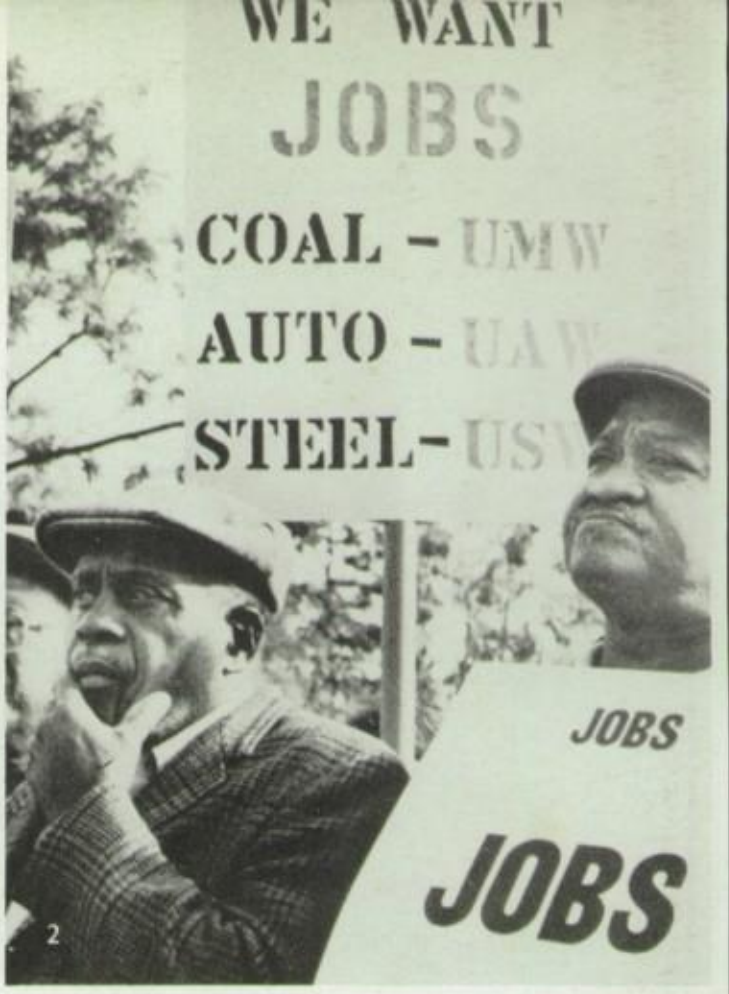
Lights of N.H.S.

Remember when the football players sang?



Students concentrate on their final exam.

The making of a year



1. Died this year- Henry Fonda, Princess Grace, Leonid I. Brezhnev, and Ingrid Bergman.
2. Protesting unemployment, which left more than 12 million out of work.
3. Testing Tylenol for deadly cyanide that killed seven people.
4. Solidarity labor movement leader, Lech Walesa after being freed.
5. Football fans protest the first inseason strike.
6. The Royal Highnesses, Prince Charles and Princess Diana and Prince William. Photos courtesy of Wide World Photos, Inc.

1. A scientist studies the results of a Columbia Space Shuttle experiment. 2. The U.S. Marines go ashore for peac keeping duty in Lebanon. Aug. 25, 1982. 3. St. Louis Cardinals Players celebrate on the field after winning the World Series game on Oct. 20, 1982. 4. Artificial heart recipient, Barney B. Clark, 61, smiles at his surgeon Dr. William DeVries, one day after the surgery at the University of Utah Medical Center. 5. "Windows of Time" has become a reality! This only came true through the long weeks of planning, hours of writing and rewriting and the dedication of the 1982-83 Yearbook Staff.

We would like to thank all of the staff members for their time and energy that they gave to the production of this book. Also, we would like to express our appreciation to Mr. Tom Lambert and the photographers for the many hours of taking and printing pictures for us.

There are many people who played an important role in the creation of "Windows of Time" and we would like to express our thanks to them: Our advisor, Mrs. Pat Penrose, Mr. Bob Marlin and staff on Watson's Studios, Mrs. Sandy Brown, Mrs. Karen Tilson, and Mr. Buzz Ponce and staff of Josten's Visalia plant.

As time passes, so do memories, and with the "Windows of Time" you are able to capture the many memorable events which occurred at Nogales during the 1982-83 scholl year.

Congratulations to the graduating Class of 1983!

Editors,

Gil Lucero
